

COLORADO DEPARTMENT OF EDUCATION
DWIGHT D. JONES – COMMISSIONER

DEPARTMENT OF HIGHER EDUCATION
D. RICO MUNN – EXECUTIVE DIRECTOR

January 2010

Dear Community Leader:

Colorado faces a great opportunity and challenge: to make its system of public education – from pre-school through college – more successful and productive. We hope you will be able to participate in one of two important meetings to help us meet this challenge. Meetings are being held in Boulder on January 20, 2010 and in Lakewood on January 21, 2010

Earlier this year, in accordance with SB08-212 (the Preschool to Postsecondary Alignment Act), the Colorado Departments of Education (CDE) and Higher Education (DHE) co-sponsored 13 regional town hall meetings around the state that focused on “postsecondary and workforce readiness,” and the skills and competencies Colorado students need to succeed after high school. This legislation, sometimes called the Colorado Achievement Plan for Kids, or CAP4K, was enacted in 2008. In addition to creating a description of what it means to be postsecondary and workforce ready (PWR), it requires Colorado to revise and align 13 Model Content Standards. The PWR description was adopted in June 2009, and the standards were adopted on December 10, 2009. This year, the focus shifts to the next phase of the legislation: a redesigning of our state assessment system.

Under CAP4K, Colorado is required to adopt a revised system of assessments that aligns with the updated state content standards. The revised system must include both school readiness and postsecondary and workforce readiness assessments; formative assessment; summative assessment; and the assessments for special populations (English Language Learners and students on an Individualized Education Plan).

To accommodate in-depth conversation on each end of the system, the 2009 – 2010 town hall meetings will be split into two parts: one devoted to school readiness and elementary grade assessments, and one devoted to postsecondary and workforce readiness and secondary grade assessments. A schedule of these meetings can be found on either department’s website:

<http://higherred.colorado.gov/Academics/cap4k/cap4k.html>;
<http://www.cde.state.co.us/ASMTRev/publictour.htm>.

The meetings on January 20 and January 21 will convene educators, students, parents, business people, community leaders, and interested citizens. The focus of these meetings will be the PWR and secondary grade assessments; the purpose is to gather your views on what this redesigned assessment system would look like.

To assist staff from CDE and DHE in this endeavor, we invite you to attend either one of the following meetings:

- **January 20, 2010**, at **University Memorial Center, Room 235, University of Colorado – Boulder, 1669 Euclid Avenue, Boulder, CO**, from **5 – 7 pm** [<http://www.colorado.edu/campusmap/map.html?bldg=UMC> for directions/map]; or
- **January 21, 2010**, at **Red Rocks Community College, Red Fox Room (1105 – East Wing), 13300 West Sixth Avenue, Lakewood, CO**, from **5 – 7 pm** [<http://www.rrcc.edu/maps/lakewood.html> for directions/map].

Please R.S.V.P. to Maia Blom (303-866-2723 or maia.blom@dhe.state.co.us) by close of business on **January 12, 2010**. Light refreshments will be provided before the meeting.

We encourage you to forward this invitation to others you think might be interested.

Thank you in advance for your time and consideration.

Sincerely yours,

D. Rico Munn

Executive Director
Department of Higher Education

Dwight D. Jones

Commissioner
Colorado Department of Education
