INFORMATION ITEMS:

Website Update - gtPathways web page updates and information: Vicki shared that the website is up-to-date, including the Feb 29th courses, which were approved by the Commission at their April 4, 2008 meeting. Web page updates include approved CO3 (course).

Update on Statewide gtPathways Workshops – It was decided that summer was not a good time to hold statewide gtPathways informational meetings/workshops. It was decided that Vicki would identify some fall dates (Fridays), and send them to the GE 25 membership prior to the June 9th meeting.

Update on recalibration meetings for Articulation Agreements - It was decided that summer was not a good time for these meetings. Instead, it was decided that summer was a good time to identify appropriate institutional-level individuals who would be involved in the meetings. It was also decided that the Engineering Articulation would be the first agreement to be reviewed. GE 25 membership decided that the 2nd/3rd week in September was the best time to hold an initial meeting; with the 2nd meeting being held at the 2008 Faculty to Faculty Conference on October 10, 2008.

CCCS Advising Meeting – Geri indicated that summer is not a good time to host a CCCS advising meeting. Vicki and Geri will work together over the summer to identify a suitable date for this meeting

Dr. Julie Carnahan, DHE CAO attended the meeting in order to provide a legislative update and a grants update (Lumina/WICHE). Vicki committed to sending out a legislative update to the GE 25 membership.

DISCUSSION ITEMS:

Nursing Transfer/Articulation Issues/Other – National Nursing Education Capacity

Summit – Vicki provided an update regarding her June 2008 trip to Virginia for participation in the National Nursing Education Capacity Summit. She asked the GE 25 members to please provide her with nursing/Transfer and Articulation information by June 5, 2008, so that she would have it in preparation for the Webinar (June 5, 2008), and prior to her trip to Virginia.

SC1 and SC2 – The gtPathways science course listings were briefly discussed. As of June 2, 2008, (DHE has received responses regarding SC1/SC2 listings from: CSU-FC, FLC, WSC, MSCD, CCCS).

Transfer Guide (Presentation and review of hand-outs w/ Q & A) – Wayne Artis and John Lanning gave a presentation on a working draft of a Transfer Guide format. There was discussion and it was agreed that John and Wayne would bring draft #2 of the Transfer Guide to the June 9th meeting of the GE 25. Draft #2 will include “recommended” courses and provide guidance specific to majors.

ACTION ITEM:

1. Proposed changes to AHUM content criteria (see hand-out)-**DEFERRED TO JUNE MTG (Vicki will attempt to have Cathy attend or phone in).**
2. Election of AHUM co-chair **(WAS DEFERRED TO 2008 FACULTY TO FACULTY CONFERENCE).**
3. Decision on type of Fall 2008 gtPathways review, (October 3, 2008 is submission deadline). **GE 25 membership agreed on an October 24, 2008 “traditional” in-person review; location TBA.**
4. *A brief discussion was held on transfer/application of courses and regarding use of the term “regionally accredited”, i.e., “...only credit from a regionally accredited institution will be accepted...” Vicki was encouraged to see ACRO language for the “industry standard”; discussion was held regarding whether or not a sentence or two about the above should be added to the gtPathways website. Vicki will get confirmation on this at the June 9th meeting.*

Meeting adjourned.

Next meeting will be June 9, 2008.
