

Expectations and Protocol for Reauthorization Site Visits

Expectations and Protocol

- Colorado Department of Higher Education (DHE) and Colorado Department of Education (CDE) will cooperate with the Institution of Higher Education (IHE) to determine appropriate on-site visitation dates.
- The Institutional Report (IR) Template and other information for preparing for the review are available on DHE's website at <http://higher.ed.colorado.gov/Academics/TeacherEd/Educators.html>
- Information for preparing for the content review is available on CDE's website at http://www.cde.state.co.us/cdeprof/EPP_index.htm
- Copies of the IR are due to both DHE and CDE no later than 60 days prior to the on-site visit.
- Evidence room: A completely electronic evidence room, to the extent possible, is preferred. Please do not fill the evidence room with photocopied documents. One computer per team member that is connected to the IHE's Ethernet (access to IHE's internal networks/drives and Internet) should be available and up and running before the team arrives in the morning. Access to individual student files, work samples, syllabi, a curriculum map/matrix, general course catalog, assessment instruments, teacher candidate portfolios, new teacher survey data, faculty data (such as vitas) and other documents as appropriate (if they have not already been provided in the IR). A password may need to be provided for site visit team members to access online files (such as those in TaskStream or Banner). All electronic evidence provided on CD-ROMs should also be downloaded onto each computer's desktop. Make sure the computers and Ether/internet connections work and that electronic evidence on the desktop will open before the team arrives in the morning.
- Towards the end of the first day of the visit or on the second day, Dr. Jamie Goetz and Dr. Ian Macgillivray should meet with the institution's President and Provost to discuss the site visit thus far.
- The Deans of each college involved in the preparation of teachers and principals should be available to the site visit team throughout each day of the visit.
- Please ensure that your students know we will be visiting your programs, every faculty member wears a name badge during the visit, and your partner schools and cooperating teachers know we will be visiting.
- Within 60 days after the on-site visit, the IHE will receive a draft copy of the DHE/CDE report summarizing the findings of the on-site visit.
- The IHE will have 30 days to write a rejoinder in response to the DHE/CDE draft report in order to correct any errors of fact and to further explain any issues or concerns identified in the report.
- Following receipt of the rejoinder, a final report will be prepared and submitted to the Colorado State Board of Education (SBE). The SBE will make its recommendation to the Colorado Commission on Higher Education (CCHE).
- Each agency will address its unique areas of responsibility.

The team will generally consist of:

- Dr. Ian Macgillivray, Assistant Deputy Director for Academic Affairs, Department of Higher Education, or his designee;
- Dr. Jami Goetz, Executive Director of the Office of Professional Services and Educator Licensing, CDE or her designee;

- Dr. Brittany Lane, Academic Policy Officer for Educator Preparation, Department of Higher Education, or her designee,
- Dr. Karen Lowenstein, Educator Preparation Senior Consultant, Colorado Department of Education, or her designee;
- A building-level administrator, a practicing or retired teacher, and other DHE/CDE-affiliated educator(s) familiar with the delivery of educator preparation programs.
- A representative of the next IHE that CDE and DHE are scheduled to visit.

Also, a meeting room or some type of suite that can be used as a work space should also be reserved at the hotel for the site visit team to use as a work space in the evenings.
