

## Darryl Bonds

---

- Objective                      Seeking an administrative position that will enable me to utilize the skills and knowledge that I have acquired while raising student achievement with diverse student populations as well as effecting positive change in the academic culture of schools.
- Experience                      2005 - 2007                      North Elementary School   Colorado Springs, CO  
Principal
- Provided instructional leadership resulting in the greatest single year CSAP gains in the district's history.
  - Implemented the PLC model while including all members of the staff.
  - Worked with staff to develop a mission, vision, values and goals that established a culture of achievement.
  - Established monthly grade level data team meetings that focused on analyzing Tungsten Benchmark and DIBELS assessment data.
  - Provided leadership for the implementation of the FLEX Team Process and the Response to Intervention Model.
  - Facilitated the Building Leadership Team, which analyzed reading data and designed interventions for students within a three-tiered model.
  - Developed and implemented a school-wide discipline plan in alignment with the tenets of Positive Behavior Support.
  - Facilitated the district's Math Curriculum Articulation Team.
- 2002 - 2005                      Central Elementary School   Saint Charles, MO  
Principal
- Supervised instruction of 904 students.
  - Planned, directed, and implemented staff development for staff of 70.
  - Trained staff members in methods of using data to drive instruction.
  - Served as the administrative representative on the building professional development, district instruction, technology and facilities committees.
  - Developed and implemented a school within a school model to accommodate the needs of students in a facility built for 1200.
  - Worked with the district project manager on planning, overseeing, and transitioning from one building to a newly constructed facility during the school year.
- 2000 - 2002                      Edison Schools Inc.                      Baltimore, MD  
Principal/ Administrator on Assignment
- Supervised instruction of 760 students.
  - Developed positive parental and community relations in an urban school that was reconstituted by the state and managed by Edison Schools.
  - Planned and organized professional development for a staff of 60.
  - Utilized and interpreted monthly benchmark assessments in order to monitor student progress and achievement.
  - Implemented the May Institute's model for behavior management.
  - Mentored and assisted middle school principals in Chester, PA.

1997 - 2000                      Curtis Middle School                      Wichita, KS

Principal

- Implemented the middle school model for 780 students in grades six through eight.
- Increased achievement in all areas on district assessments.
- Improved the technology program in the building by placing computers in every classroom and building two computer labs with funding from corporate donations and fundraisers.
- Developed immersion programs for students in jeopardy of not meeting state standards using existing school resources.

1994 - 1997                      Southwest Academy                      Baltimore, MD

Principal

- Supervised instruction of 1150 students in grades six through eight.
- Developed and implemented magnet programs in Visual Arts, Performing Arts, Science with Math and Computer technology and Foreign Language.
- Worked closely with the project manager to oversee the complete renovation of the school facility.
- Maintained a comprehensive middle school program for students not enrolled in magnet programs.

Education

2005 - Present                      Capella University                      Minneapolis, MN  
Working on a PH.D. in Educational Leadership

1986 – 1989                      Kansas State University                      Manhattan, KS  
Masters Degree in School Administration

1979 – 1983                      Kansas State University                      Manhattan, KS
