Importance: High

Attached are the revised documents for the coordinated degree proposal between DU and Fort Lewis College.

A number of the appendices are in hard copy only so we are FedExing those to you this afternoon with overnight delivery.

If there are specific appendices that you would like electronically, please contact Wanda Ellingson, e-mail (wellings@du.edu) or phone (970-247-9773), the local DU coordinator for the program and she can help get those to you.

Other questions or help can be directed to any of those listed above. I'll check voice mail and e-mails a couple times each day while away from the office so I can help also if needed.

Thanks for your help on this, Julie.
