- representing house democratic caucus

The Honorable Jim Wilson
State Representative – Colorado General Assembly
- representing house republican caucus

Project Principles

In order to ensure Colorado higher education is of value, affordable, accessible, and high quality; and, seen as a public good, all decisions regarding the development of this new funding formula should:

- Align project outcomes with Master Plan goals, which are:
 - Increase the attainment of high quality postsecondary credentials across the academic disciplines and throughout Colorado by at least 1,000 new certificates and degrees each year to meet anticipated workforce demands by 2015.
 - Improve student success through better outcomes in basic skills education, enhanced student support services and reduced average time to credential for all students.
 - Enhance access to ensure that the system reflects the changing demographics of the state while reducing attainment gaps among students from underserved communities.
 - Develop resources, through increases in state funding, that will allow public institutions of higher education to meet projected enrollment demands while promoting affordability, accessibility and efficiency.
- Promote clarity, simplicity and predictability in the allocation of state funds to public institutions of higher education.
- Evaluate Colorado public institutions of higher education on accurate and comparable data.
- Respect the individual role and mission purposes of each Colorado public institution of higher education with regard to operational authority and flexibility.

EXECUTIVE ADVISORY GROUP

Thursday, October 23, 2014
1:00PM to 3:00PM

CDHE Office
1560 Broadway, Suite 1600, Denver
