September 18, 2014

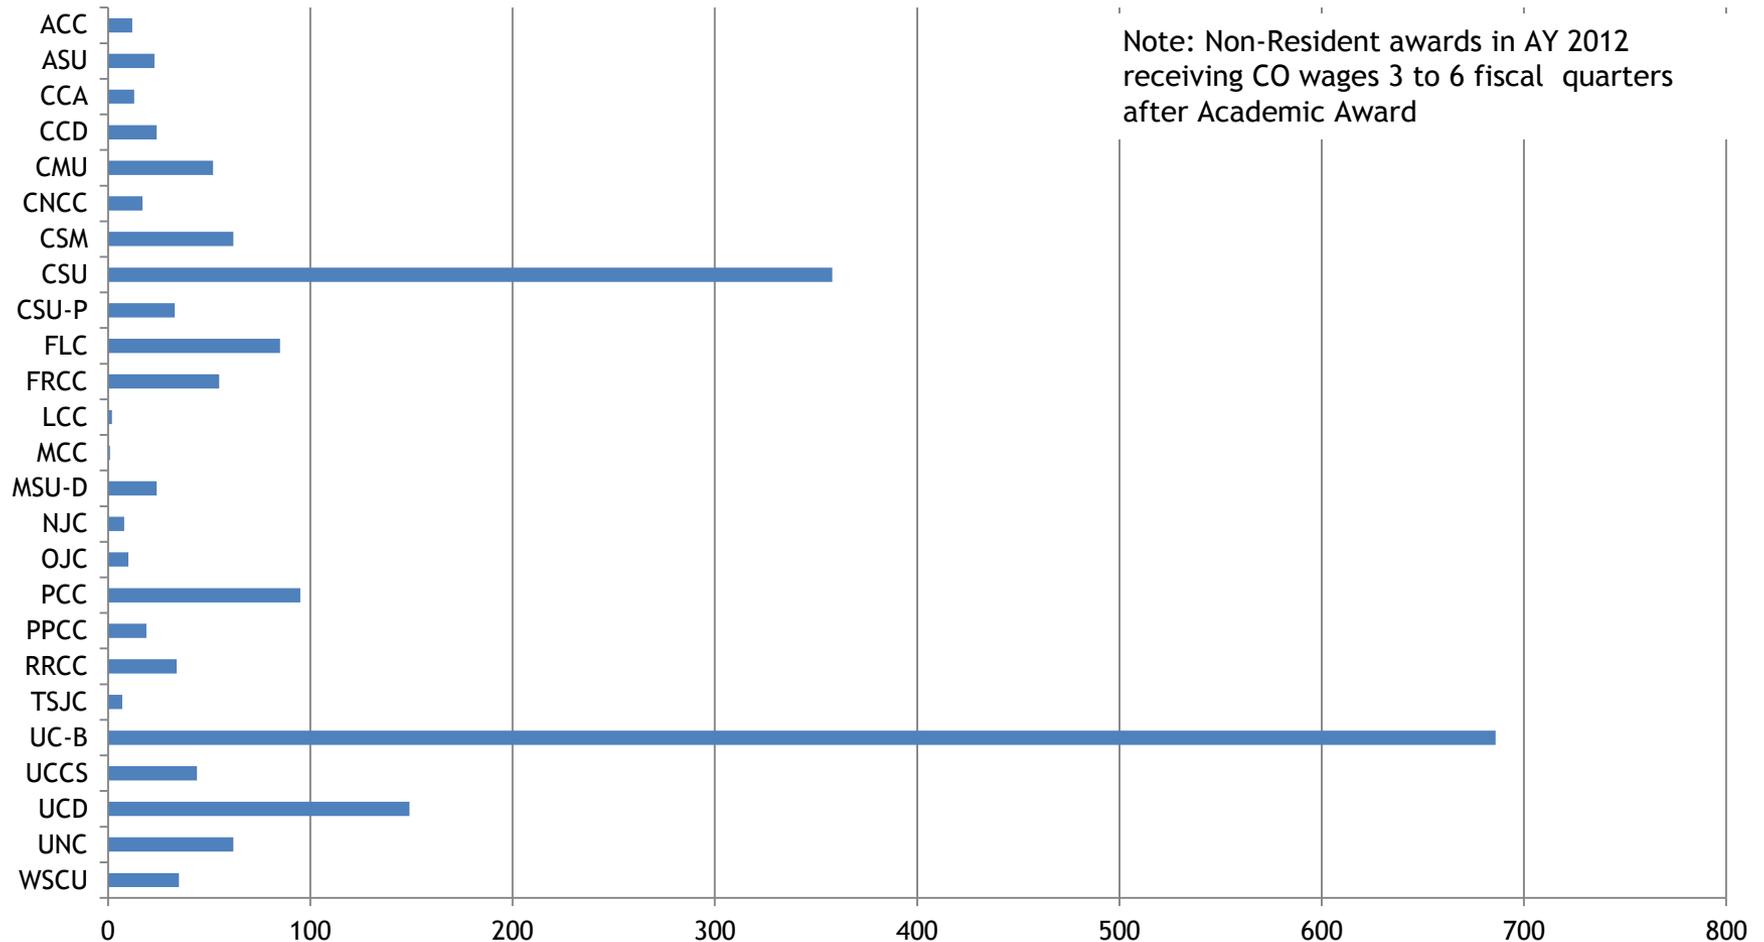

**COLORADO**  
Department of  
Higher Education

# Awards and Wage Data AY 2012

# Non-Resident Awards and Wage Data AY 2012 By Institution

# Role and Mission: *Selectivity*

## Definition

- Use the median of the following admission variables:  
Entering ACT/SAT scores  
High School GPA

## Data Source

- Student Unit Record Data System (SURDS)

## Preliminary Recommendation

- A majority of the FAMET supported the use of admissions variables of ACT/SAT and HS GPA as these are currently used in practice and policy to create the admissions index scores.

## Freshman Standard, 2012-13

<i>Institution Name</i>	<i>HSGPA Median</i>	<i>ACT Median</i>

# Role and Mission: *Number of Campuses*

## Definition

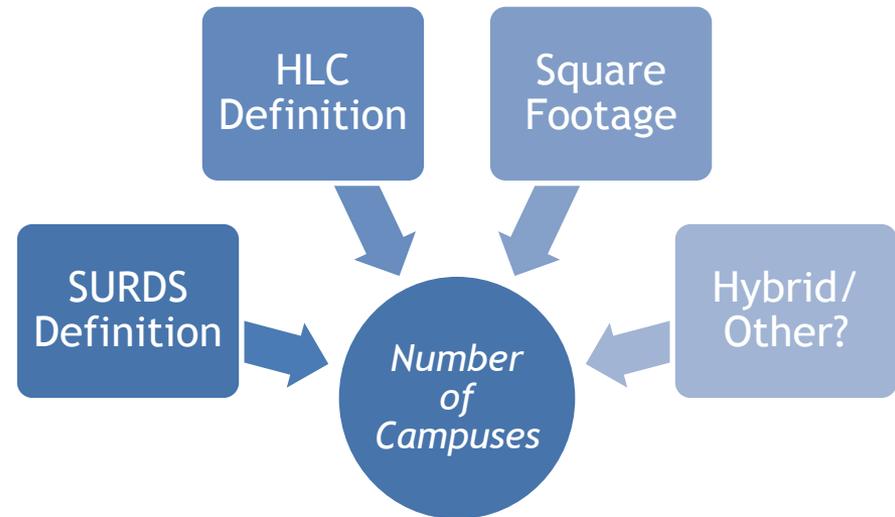

- 

## Data Source

- 

## Preliminary Recommendation

- The FAMET could not come to consensus on this issue and agreed to revisit at the Team's next meeting.

# Role and Mission: *Rural or Urban*

## Definition

- Degree of urbanization (urban-centric locale) A code representing the urbanicity (city/suburb/rural) by population size of the institution's location.

## Data Source

- IPEDS

## Preliminary Recommendation

- The FAMET was unanimous in its decision to use the IPEDS definition for rural or urban and NCHEMS efforts to seek more gradation than just urban/rural.

This urban-centric locale code was assigned through a methodology developed by the U.S. Census Bureau's Population Division in 2005.

The following are the codes used:

Urban

- 11 City: Large
- 12 City: Midsize
- 13 City: Small
- 21 Suburb: Large
- 22 Suburb: Midsize
- 23 Suburb: Small
- 31 Town: Fringe
- 32 Town: Distant
- 33 Town: Remote
- 41 Rural: Fringe
- 42 Rural: Distant
- 43 Rural: Remote

Rural

# Role and Mission: *Programs with a high cost per student*

## Definition

- Index score created by weighted undergraduate FTE divided by the un-weighted undergraduate FTE. Weights will be informed from the results of cost studies in other states.

## Data Source

- SURDS, Budget Data Books, other state studies

## Preliminary Recommendation

- The FAMET was unanimous in agreement to use the taxonomy developed by other states of high cost programs by discipline. An example of high cost programs was shared with the FAMET for review.

# Role and Mission: *Research*

## Definition

- Use methodology proposed by NCHEMS that measures an institutions research score by taking research expenditures and dividing by instruction expenditures or full-time faculty.

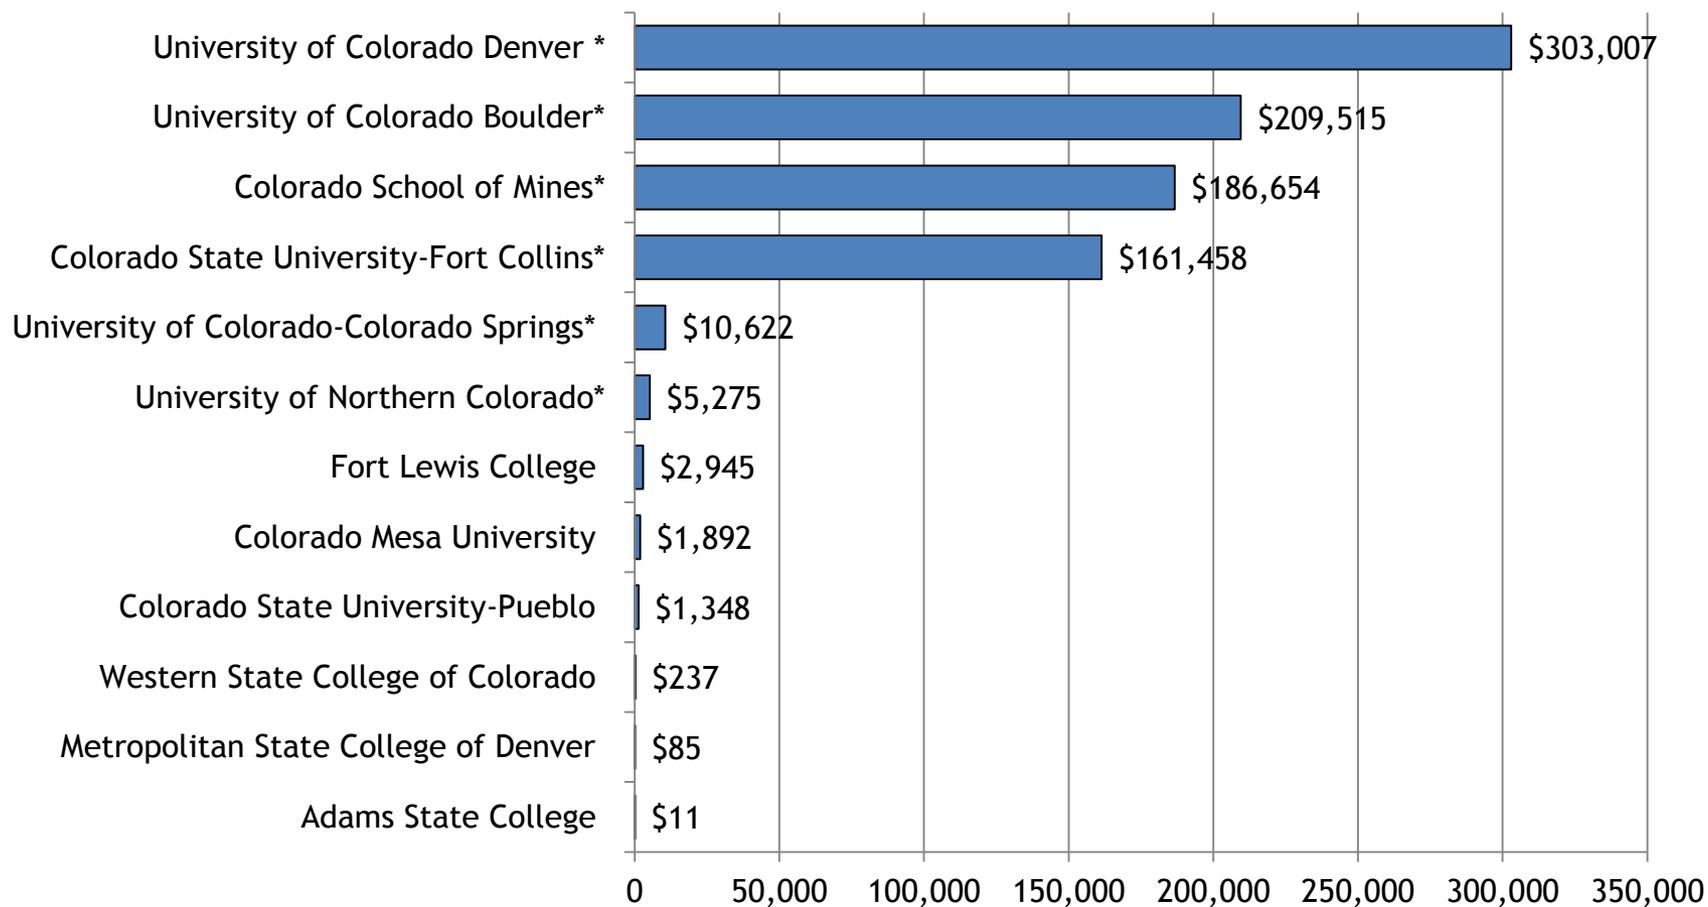

## Data Source

- IPEDS/NSF???

## Preliminary Recommendation

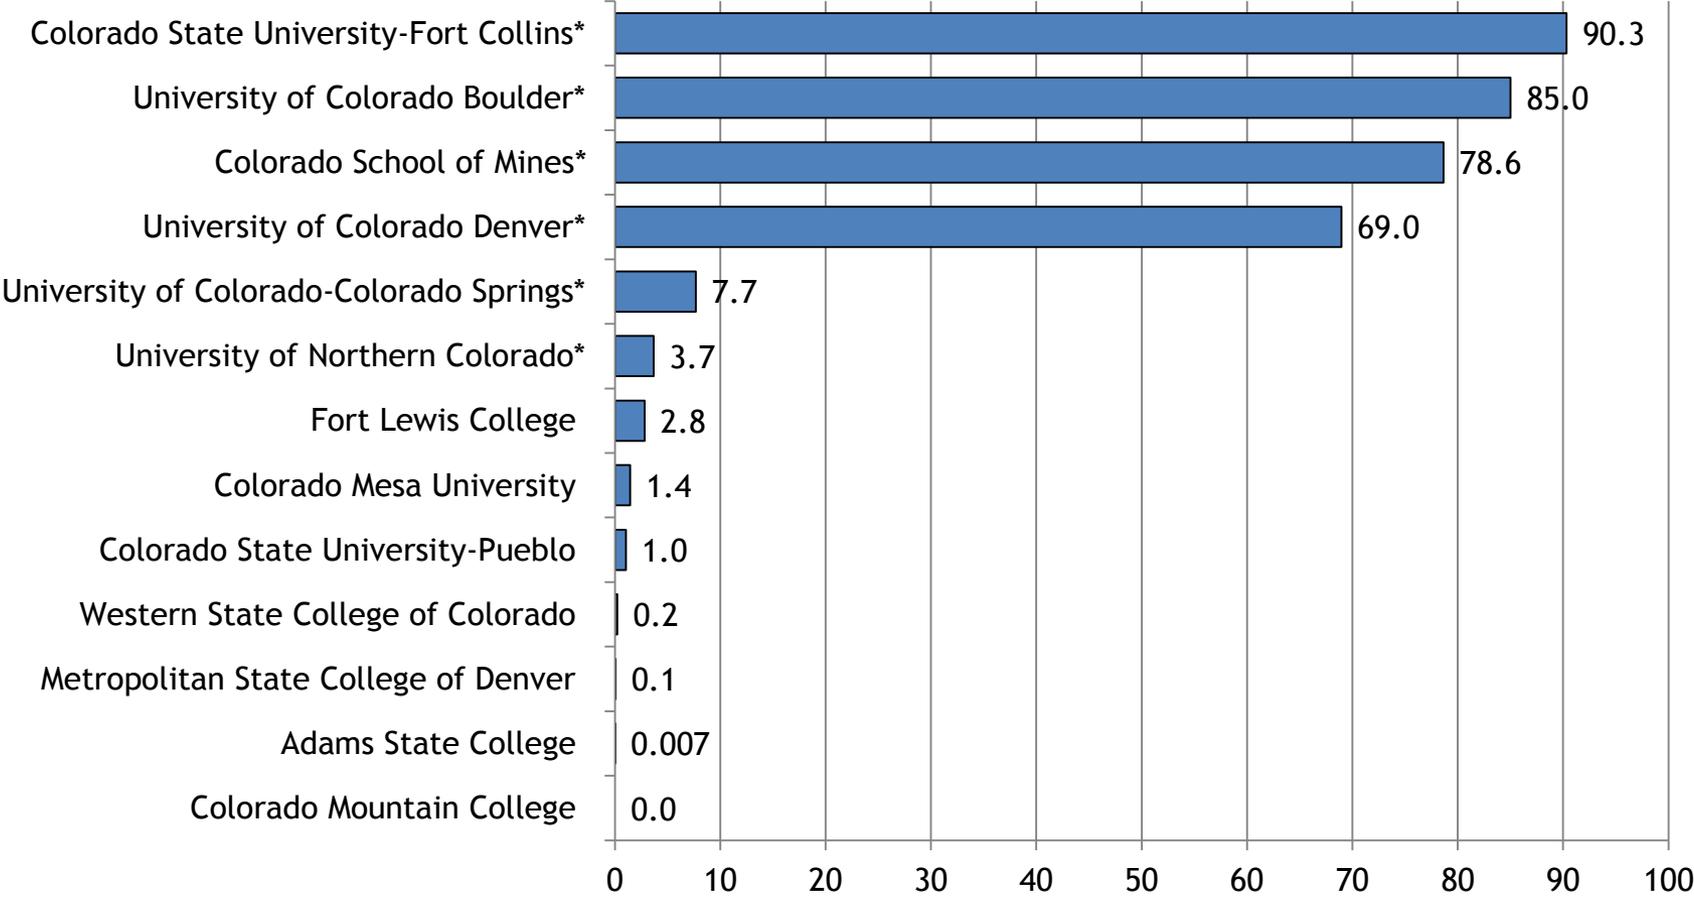

- The FAMET was unanimous in in agreement to support NCHEMS methodology to determine “research-ness.” However, it may be difficult to exclude Specialty Education Program data.

# Research Expenditures per FT Faculty, 2011-12

# Role and Mission: Pell-Eligible Students

## Definition

- Number of undergraduate students eligible for Pell at any time during the year / unduplicated number of undergraduate students.

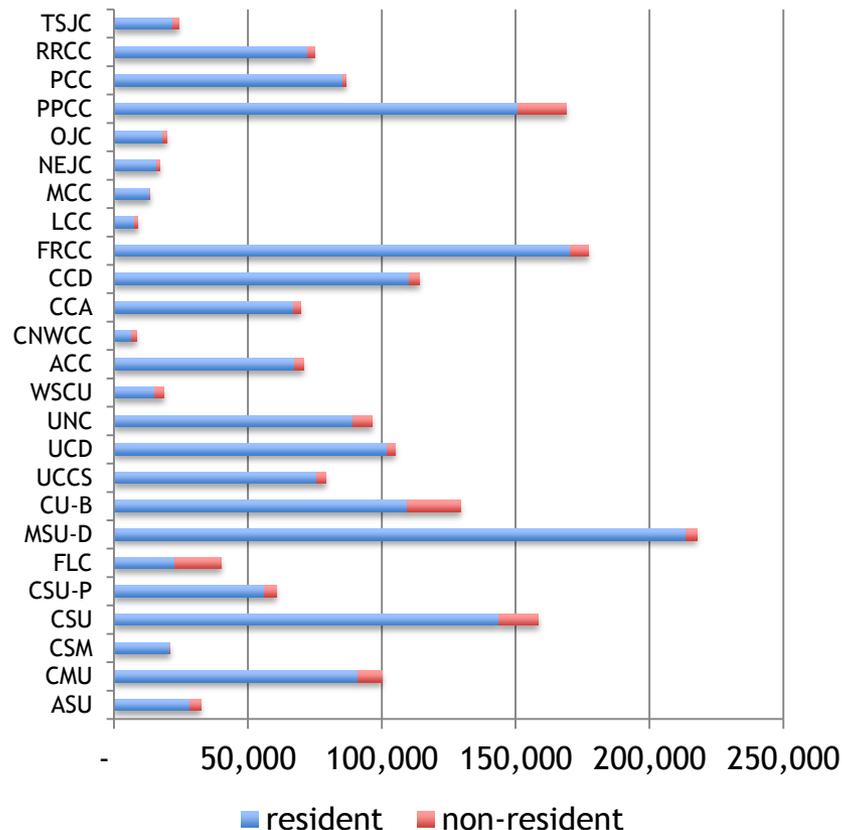

## Data Source

- SURDS

## Preliminary Recommendation

- The FAMET was unanimous in agreement on the definition of Pell-eligible but questions remain regarding the treatment of non-resident students.

# Role and Mission: *Remediation*

## Definition

- Proportion of first-time students identified as requiring remediation in a course level below 100. Weight each so that a student assigned to 30 level courses in all 3 areas is nine times the weight of a student assigned to a 90 level course in only one area.

## Data Source

- SURDS

## Preliminary Recommendation

- The FAMET was unanimous in agreement on the definition of Pell-eligible but questions remain regarding the treatment of non-resident students.

30 is the lowest level of remediation and currently requires completion of a three course sequence before entering into a credit bearing gateway course.

60 is the next level of remediation and currently requires completion of two courses before entering into a credit bearing gateway course.

90 is the highest level of remediation and currently requires completion of one course before entering into a credit bearing gateway course.

# Performance: *Completion*

## Definition

- An amount for each Governing Board for each certificate or degree awarded by the institutions. Certificates should be counted when issued for gainful employment; for programs spanning one year or more; only certificates of less than 24 credit hours that represent the highest award earned at stop-out will be counted; and students earning multiple 1-2 year or 24 to 60 credit hour certificates in an academic year will have each earned certificate count as a separate outcome.

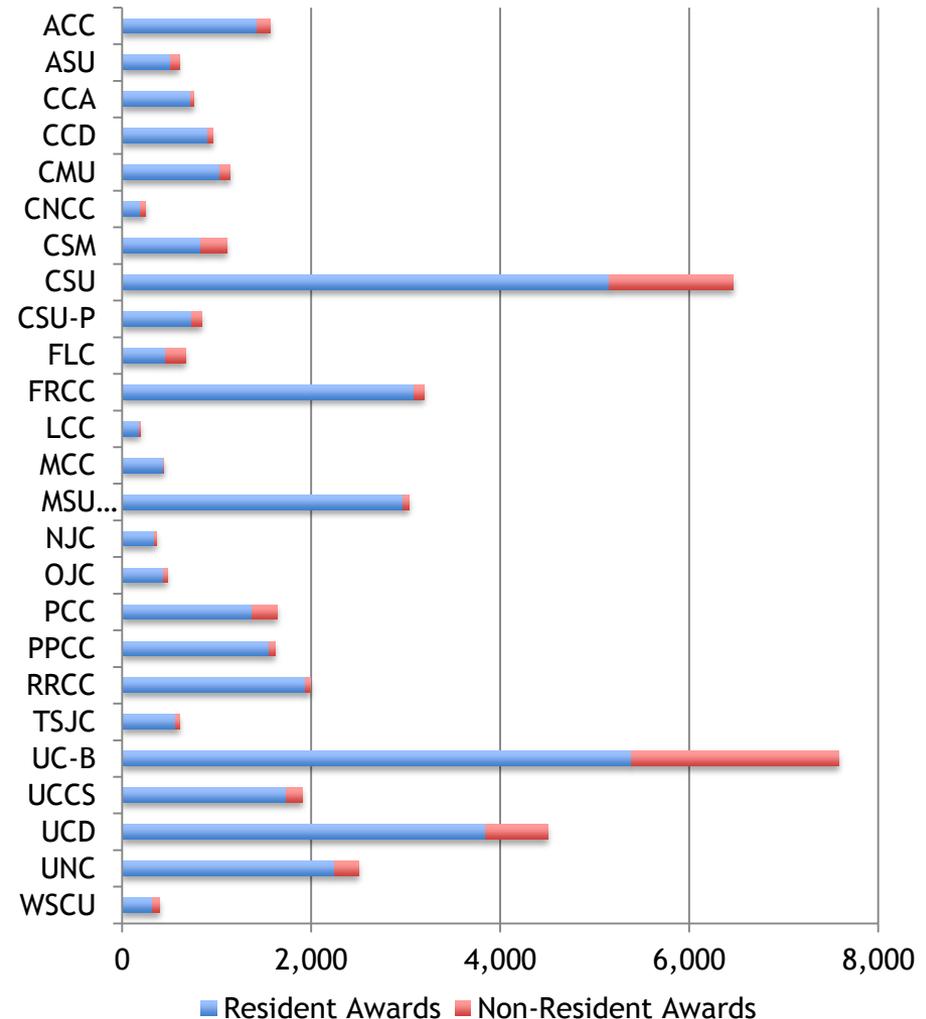

## Data Source

- SURDS

## Preliminary Recommendation

- A majority of the FAMET agreed on the main points of discussion under the completion requirements of HB 14-1319. Certificates and gainful employment remain under discussion.

Awards By Residency, AY 2012

# Performance: *Completion (continued)*

## Definition

- An amount for the Governing Board of an institution with a Community College Role and Mission, an amount for each Community College student who transfers from a Community College to another institution after completion of a certain number of credit hours.
- Transfers: minimum of 18hrs

## Data Source

- SURDS

## Preliminary Recommendation

- A majority of the FAMET agreed on the main points of discussion under the completion requirements of HB 14-1319. Certificates and gainful employment remain under discussion.

Transfers: Minimum of 18  
Credit Hours

# Performance: *Retention*

## Definition

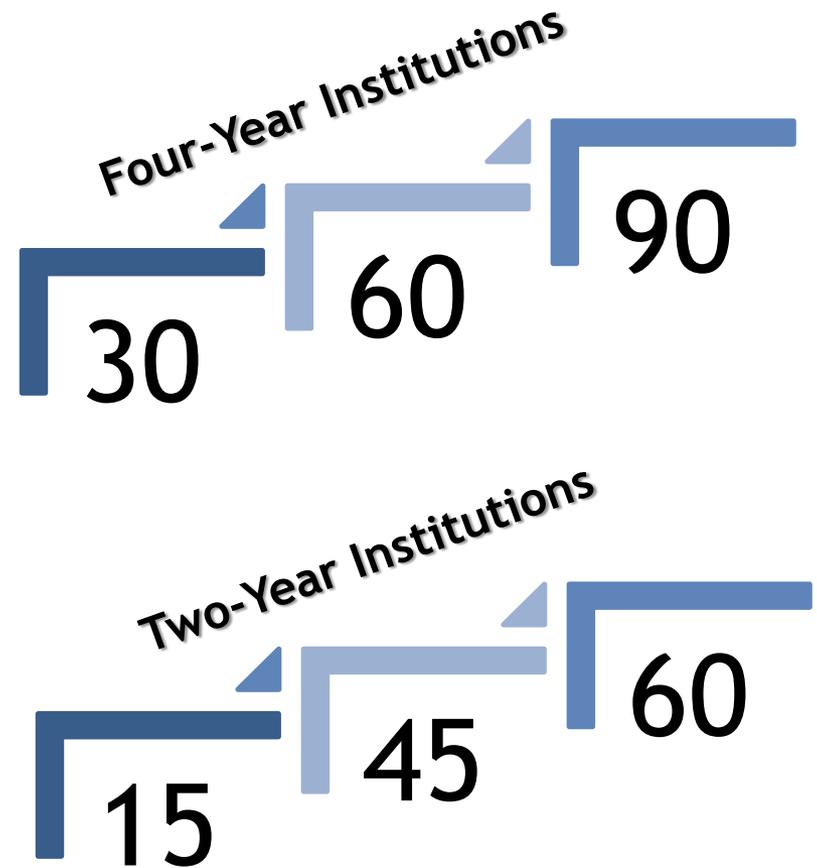

- Four-year institutions - an increase in the number of students who cross the threshold of completing: 30 credit hours/60 credit hours/ 90 credit hours
- In addition, add: Two-year institutions - an increase in the number of students who cross the threshold of completing: 15 credit hours/30 credit hours /45 credit hours

## Data Source

- SURDS

## Preliminary Recommendation

- The FAMET was unanimous in its support of defining retention and adding a separate measurement for Two-year institutions. Additionally, it was agreed each student will be counted once at each academic progress interval.

# Performance: *Successful Remediation*

## Definition

- The number of remedial students who successfully complete (within two years):
  - 1st college credit gateway math course.
  - 1st college credit English gateway course.

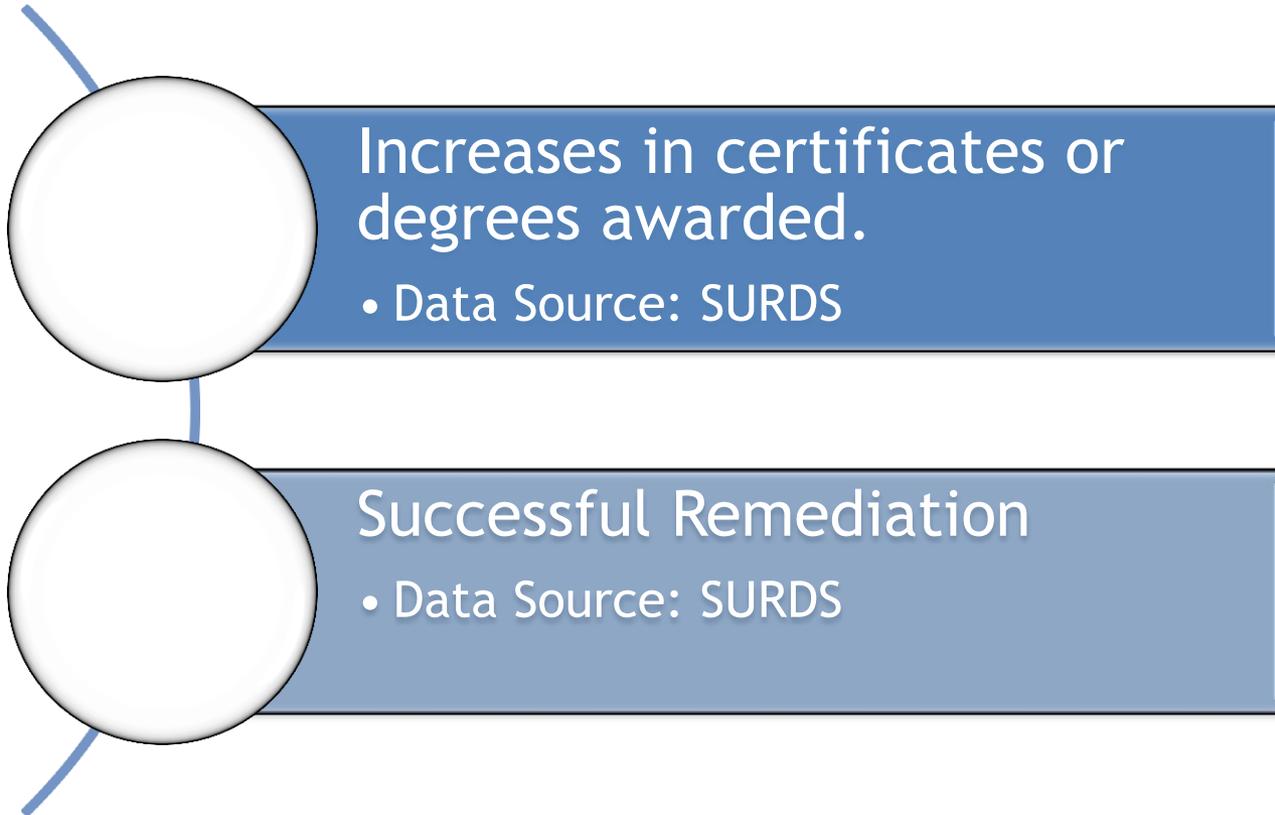

## Data Source

- SURDS

## Preliminary Recommendation

- The FAMET was unanimous in agreement with the definition of successful remediation.
