

## MEMORANDUM

TO: The Colorado Educator Loan Forgiveness Program

FROM: Emily Burns, Senior Finance Analyst

DATE: 2/5/20

SUBJECT: CCHE Approved Educator Preparation Program List- Additions of past programs that were once approved but no longer accept new students

I have been notified that the current list of CCHE-approved educator preparation programs is incomplete insofar as it does not include certain programs which were once approved but are no longer offered. The programs are no longer offered because the institution of higher education that once offered the programs in question has since closed its operations in the state of Colorado.

The following list details the affected institutions and programs, as well as providing the years during which the programs were included on the CCHE-approved educator preparation program list. As such, if an applicant can provide documentation proving that they completed a program on the list below, during the time period that said program was included on the CCHE-approved educator preparation program list, that applicant may be eligible for participation in the Colorado Educator Loan Forgiveness Program for the 2019-20 fiscal year.

### University of Phoenix 2003 – April 2023

- a. Elementary Education
- b. Business and Marketing Education
- c. English Language Arts
- d. Math
- e. Science
