The Board was provided prior to its July 2007 meeting a copy of the notices, the school/agent response and a division report summarizing a review of the new information received. 1. **Colorado Outdoor Adventure Guide School, Inc. - Victor** (continued):

After further discussion and due deliberation the Board expressed concern about whether Colorado Outdoor Adventure Guide School, Inc., 5987 Gold Camp Road, Victor, CO 80860 could be reasonably maintained in compliance with the minimum standards as prescribed by the Private Occupational Education Act of 1981, as amended, and in compliance with the Division’s minimum requirements. Ms. Noll motioned to amend the Notice of Non-compliance originally issued to the School to add a concern involving a possible violation of U.S. Forest Service regulations as an additional suspected matter of a failure to comply with law; and to direct the Division to provide the amended Notice of Non-compliance to the School with a response due date of not more than ten (10) calendar days from the date of mailing of the Notice. The motion to issue an amended Notice of Non-compliance to include the recently identified U.S. Forest Service compliance with law issue and to provide a reasonable response time was seconded and passed.

Based on the Board’s review of the initial responses received from the School to the first Notice of Non-compliance and other records, and after due deliberation, Mr. Martin motioned to refer Colorado Outdoor Adventure Guide School Renewal Application to the Colorado Attorney General’s Office for issuance of a Notice of Hearing to determine whether to deny the School’s renewal application in accordance with sections 12-59-112 of the Colorado Revised Statutes. Concerning Item I.A of the first Notice of Non-compliance, Change of Ownership requirements, after due deliberation, Mr. Sirbu moved that Item I.A. be considered adequately addressed by the School and not included in the Notice of Hearing. The motion was seconded and passed.

Concerning Item I.B. of the first Notice of Non-compliance regarding agent requirements, and the Board having found the School’s response inadequate to address the concern that the School failed to supervise its agent by permitting allegedly unknown individuals without agent permits to solicit applications on-line, in violation of sections 12-59-111(1)(L), 12-59-103(1.5) and Board Rule IV.A, and after due deliberation, Mr. Narvaez moved that Item I.B. of the Notice of Non-compliance be included in the Notice of Hearing. The motion was seconded and passed.

Concerning Item I.C. of the first Notice of Non-compliance regarding whether the School is being maintained and operated in compliance with law as required by section 12-59-106(1)(j), or whether it is in violation thereof, due to illegal conduct admitted to by Gary Jordan, as an officer and owner at the time of the illegal activity, and the suspected illegal activity by a former director/agent/instructor, after due deliberation, Mr. Martin moved that Item I.C. be included in the Notice of Hearing but only in respect to Gary Jordan and not to the other former director/agent/instructor. The motion was seconded and passed.

Concerning Item I.D. of the first Notice of Non-compliance regarding whether the School has met its responsibility to have principal owners, officers, agents, administrators and instructors that are of good reputation and free or moral turpitude, or whether the
school is in violation of 12-59-106(1)(L) based on the admitted illegal conduct of Gary Jordan and suspected misrepresentations to the Division and Board during the school's renewal process by its current president/officer/agent, after due deliberation, Ms. Noll moved that Item I.D. be included in the Notice of Hearing, but only based on Gary Jordan's conduct. The motion was seconded and passed.

Concerning Item I.E. of the first Notice of Non-compliance regarding whether the School offers training for the Occupation of Outfitter and employs no instructors having current Colorado outfitter registrations, after due deliberation and having found the School's response to this particular concern to be adequate, Mr. Martin moved to not include Item I.E. in the Notice of Hearing. The motion was seconded and passed.

Concerning Item II.A. of the first Notice of Non-compliance regarding the School's alleged false and misleading representations during the renewal process, specifically the then director/agent/instructor's representation on the renewal application about pending criminal charges, and/or the current president/agent/instructor's representation about the school's ownership, after due deliberation and having found the School's response to this particular item to be inadequate, Mr. Sirbu moved that Item II.A. be included in the Notice of Hearing. The motion was seconded and passed.

Concerning the Notice of Non-compliance issued on June 26, 2007, to William Stroh as the sole registered agent for Colorado Outdoor Adventure Guide School regarding whether this agent was qualified to maintain an agent permit due to a reasonable belief by the Board that he was not of good reputation and free of moral turpitude as required by 12-59-105(1)(L), after review of the school/agent's response provided to this particular Notice of Non-compliance and after due deliberation, Mr. Narvaez moved that no action be taken with respect to Mr. Stroh's agent permit at this time such that at this time this particular concern not be referred to the Attorney General's Office for issuance of a Notice of Hearing on an agent revocation. The motion was seconded and passed.

The Director reported to the Board that, as directed at its June 2007 meeting, the Division issued a Notice of Non-compliance to Colorado Beauty College, Aurora; provided an opportunity for the School to respond to the Board's concerns related to the pending renewal and issues of compliance in writing; and had timely received such a school response to the specific concerns identified. The Board was provided prior to its July 2007 meeting a copy of the notice, the school response and a division report summarizing a review of the new information received. School representative Tristan Tran was present.

After discussion, review of all of the information presented concerning the renewal of the school, and after due deliberation, the Board expressed a continued concern whether Colorado Beauty College, 13410 East Mississippi Avenue, Aurora, CO 80012, could be reasonably maintained in compliance with the minimum standards as prescribed by the Private Occupational Education Act of 1981, as amended, and in compliance with the Division's minimum requirements, given a documented pattern of
non-compliance over a sustained time period. Based upon this review, discussion and consideration of the compliance/enforcement options available to the Board within its statutory authority, Mr. Sirbu motioned to table approval of the school’s standard renewal of certificate of approval and impose disciplinary action against the School. Such disciplinary action to include placing the school on a two year probation period during which time it must timely meet specific compliance and enforcement monitoring terms and probation assessing administrative fines. To this end, Mr. Sirbu further motioned that the Division Director shall prepare for initial review and approval by the Board a proposed Stipulation Agreement and Order which expressly articulates the Board ordered sanctions, compliance and monitoring terms prior to executing the Stipulated Agreement with the School. The motion was seconded and passed.

H. Adjournment
