

Institutional Fee Plan - Arapahoe Community College

PART A--Fee Categories

The purpose of the Arapahoe Community College (ACC) Institutional Fee Plan is to define how student fees are proposed, approved, assessed, and allocated at ACC. This Plan has been developed to be in compliance with Colorado Revised Statutes (23-1-123), Colorado Department of Higher Education (CDHE) Policy VI-Part C, and State Board for Community Colleges and Occupational Education (SBCCOE) Policy BP 4-20.

The ACC College President is responsible, and in consultation with the Associated Student Government, shall establish an Institutional Fee Plan. New or increased mandatory fees which are charged to all students enrolled in the college which as of July 1 1994, must comply with the procedures established in this policy and the institutional plan.

In accordance with Policy BP4-20 ACC will ensure that all tuition rates and fees and charges for services that are specifically delineated below are approved annually by the SBCCOE Board.

Tuition and fee rates should provide maximum student access consistent with generating adequate revenue to operate quality instructional programs and maintain college services.

Special Tuition Rates

Special tuition rates may be assessed with the approval of the Board. ACC may apply to the Board for a tuition rate higher than the system-wide rate if the additional tuition revenue is needed to cover extraordinary costs associated with a particular course and/or program, which costs are mandated by outside agencies, such as regulatory agencies. The higher tuition rate, if approved, shall apply only to the course or programs in which the extraordinary costs are incurred.

I. DEFINITIONS

A. Definitions of Fees and Charges: Terms associated with Fees and Charges at Arapahoe Community College are defined as follows:

1. Fees: As defined by SBCCOE Policy BP4-20 "Any amount assessed to students as a condition of enrollment in the college and/or as a condition of enrollment in a particular course or program."
2. Inflationary Increases: Any additional assessment to a fee or charge, based on the rate of inflation, which is the percentage change in the Consumer Price Index (CPI) for the Denver-Boulder-Greeley metropolitan area.
3. Charges: Assessments against students to generally cover the cost of delivering specific services or for the privilege of using an auxiliary service or facility.
 - a. Charges for Service: Assessments to cover the costs of delivering specific services that are incidental to instructional activities, including but not limited to application charges, add/drop charges, fines and penalties, transcript charges, late charges, testing charges, student identification

card charges, orientation charges, matriculation charges and health insurance charges. Charges for Service do not include admission to events or other such ancillary activities and are not Fees as described in Section 1.A.1.

- b. User Charges: Assessments against students for the privilege of using or receiving the service of an auxiliary facility. A User Charge is assessed to only those students making use of the service or auxiliary facility, including but not limited to parking registration charges and outdoor pursuits charges.

B. For purposes of general definition, please see Appendix B: Definition of Terms as listed in CDHE Policy VI-PART C.

II. FEE POLICY

All student fee rates must be approved annually by the SBCCOE Board. Each student fee must be separately itemized on the student billing statement. Such itemization shall not be required for any academic course fee that is specifically listed in the course catalog. Any optional fees for charges that are automatically assessed unless the student chooses not to pay, except for health care fees, shall be refunded by the institution or organization that receives the fee, upon request, to any student who paid the fee. Such refund shall be available during the entire term in which the fee was paid.

Fees shall not be substituted for tuition and shall not be used to provide general revenue to the college. Tuition and/or fees may be used for instructional facilities construction subject to CCHE fee policies. Any such building must comply with the provision of series 16 of Board Policy.

An annual review of all student fees will be conducted by the Chief Financial Officer to ensure that these fees are being used in accordance with their stated purpose. The annual review will also serve to ensure that fee fund balances are not increasing at a rate exceeding fifty percent (50%) of any fee's annual revenues, notwithstanding any existing formal agreements to collect fee revenue for expenditures in future years. An example of a valid agreement would be retaining student activity fees in excess of expenditures to build a balance for the purpose of renovating existing student space. If it is determined that a fee fund balance is increasing by an amount exceeding the threshold mentioned previously, the Chief Financial Officer will consult with the necessary parties from administration, instruction and student to discuss options. These options could include changing the fee rate in order for it to maintain within the threshold or determining a valid, formal agreement for using the excess fund balance. Such an agreement would require approval by the College President before it would be valid. Fund balances that carry over will be evaluated to ensure that an appropriate reason remains for collecting and holding funds (i.e. funds may be held for future payment on a designated project).

Institutional fee plans and any subsequent revisions shall be submitted for annual review by the SBCCOE Board and be available on the college's web site. The Board may delegate the review and approval of the individual institutional fee plans to the System President or their delegate.

Itemization of Student Fees on Billing Statements

ACC shall separately disclose the fees charged to students in its student billing statements. This requirement applies to fees, the purpose of which is to cover any administrative costs; permanent student purpose fees; and non-permanent student purpose fees. Such itemization shall not be required for any Course Specific course fee that is specifically listed in the course catalog. Itemization shall not be required for detailed allocations of general student fees; however, such itemization may include an itemization of other general student fees. The portion of fees from any general student fee for the repayment of bonds or other debt shall also be disclosed on the billing statement.

Each billing statement will conspicuously identify any optional student fees or charges that are automatically assessed unless the student chooses not to pay the fee through a negative check-off.

INSTRUCTIONAL COURSE SPECIFIC FEES:

Mandatory fees associated with academic courses that help defray the cost of offering specific courses. These include, but are not limited to: field trips, required materials fees for laboratory, music, art, vocational, occupational technical and physical education courses, testing fees required for completion of a course, malpractice insurance, digital textbooks, and high/medium costs fees.

Medium and High CIP Course Fees and Cisco Fees. In April 2010 the SBCCOE approved a revision of its 2000 approved Classification of Instructional Program (CIP) codes that are used to determine those courses that will be assessed a course fee.

All courses offered by the Colorado Community College System (CCCS) are identified according to three cost factor categories based on costs of delivery: low cost, medium cost, and high cost. In addition to these levels the SBCCOE has approved a separate rate for CISCO courses. Course fee rates for all medium, high cost and CISCO courses are approved by SBCCOE each fiscal year. A complete listing of CIP Codes and their approved cost factors, based on CIP 2017, can be found in Appendix A.

Course Specific Fees:

- a. Mandatory non-campus-wide fees assessed to enroll in specific courses
- b. Proposed non-campus-wide Course Specific Purpose Fees must be approved by SBCCOE.
- c. Revenue from each Course Specific Fee is restricted for costs directly related to the associated course and each section of the course must be assessed the same Course Specific Fee.

STUDENT FEES:

Mandatory campus-wide fees assessed for a specific purpose. Student Purpose Fees apply to student centers, recreation facilities, intercollegiate athletics, child care centers, campus health clinics or contract health services, student government, and similar facilities and services; and any general fee, the revenue from which is appropriated by student government for a specific purpose.

Student Activity Fee – A student revenue fee used exclusively to fund student activities, clubs and organizations, student travel to in-state and out of state conferences and competitions, campus center operations and maintenance, ID's, and the replacement and renewal of campus center furnishings. Administrative Fees unrelated to a specific academic course or program. Mandatory campus-wide fees charged to defray the costs of providing administrative services including, but not limited to costs of renewal and replacement of equipment, technology fees, computer labs and printers, registration fees, satellite center fees, wireless access, and AHEC-related charges. Registration fees must be charged at all schools but may be waived at the college's discretion. Administrative fees charged at ACC include, but are not limited to the following:

Registration Fee: The CCCS system-wide registration fee that was non-refundable, per Board Policy, was changed in April 2008 by SBCCOE to be a refundable fee, at the discretion of each college. ACC decided that the registration fee would be refundable at the effective date of the change, which was at the beginning of the fall 2008 semester. *Although the registration fee is uniform across the system, each institution is responsible for the collection, maintenance, and administration of this revenue to defray costs of registration. Fee rates are approved by SBCCOE annually.*

Auxiliary Sales and Services: Charges to provide elective services such as housing, and food service plans. Auxiliary sales and services at ACC include, but are not limited to the following:

Fitness Center Membership Fee: *ACC assesses a charge to students for a membership to the fitness center.*

Institutional Fee Plan - Arapahoe Community College

Professional Testing Charges: ACC assesses a charge for administration of professional tests.

COURSE SPECIFIC FACILITY FEES:

1. Use of tuition or fees may be used for Course Specific facilities construction, provided the following conditions are met:
 - (a) All other financing options have been explored;
 - (b) Students approved the use of funds through a student vote or referendum or student government approval (as specified in the Part B of this plan).
 - (c) Any referendum relating to the use of fees under this section is initiated by the student government.

Note: Only the use of a student fee for Course Specific facilities construction must be approved by vote or referendum or by student government. Institutions may use tuition for the construction or renovation of Course Specific facilities without approval through a student vote or referendum, provided that, at a minimum, the institution has explored all other financing options, has presented their proposed use of tuition revenues at a public meeting, and has informed students which capital projects will be funded with tuition revenues;

Currently, ACC does not use student tuition and fees for Course Specific facilities construction. ACC may consider using student tuition and fees for Course Specific facilities construction in the future pursuant to CDHE and SBCCOE fee policies.

III. TIMELINES

Typically, the timeline for review and approval of student fees will approximate the following:

- *Late -January – Proposals for student fees and other charges by the appropriate departments are submitted to the Chief Financial Officer (CFO).*
- *Early -February – Preliminary proposals for new and existing student fees (in excess of inflation and consistent with BP 4-20) and other charges are forwarded by the CFO to Student Government for review and comment. The CFO will work with the CCCS Office of Legal Affairs for the approval of student fee ballot language.*
- *Mid-February – Associated Student Government open forum on student fees. Preliminary proposals for new and existing student fees (in excess of inflation and consistent with BP 4-20) and other charges are forwarded by the CFO to the Cabinet for review and comment.*
- *End-February – Preliminary recommendations from Associated Student Government*

Institutional Fee Plan - Arapahoe Community College

and the Cabinet are due to the CFO.

- *Early-March* – The CFO forwards summary of preliminary recommendations for student fees and other charges to the ACC President. If approved by the President, the CFO forwards the recommendations to the CCCS Budget Office.
- *SBCCOE April Board Meeting* – An overview of preliminary recommendations for student fee and other charges are presented by CCCS Budget Office to the Board on behalf of the colleges.
- *SBCCOE April Board Meeting* – Proposal for new and existing fees (in excess of inflation) requiring student vote and must be approved or rejected (contingent upon affirmative student vote).
- *Third week of April* - Students have traditionally voted on fee issues within the Spring Associated Student Government ballot. The timeline for said election is spelled out in the Associated Student Government. There is also clarification within the Associated Student Government Constitution defining and stipulating to “special elections” which may also apply to fee issues.
- *July 1* – New approved fees and other charges go into effect (usually fall semester).

PART B--Elections and Required Approvals

Student Elections

Under the circumstances as outlined below, students are required to approve new fees and increases in existing fees. The college president of ACC is responsible for administering all student elections concerning fees, upon SBCCOE approval of the referendum plan. The plan for the proposed fee will include the form of notice to students of the amount, the reason for the assessment, the number of years that the fee will be imposed, and the purpose for which ACC will use the revenue, and whether the fee is permanent or temporary, and if temporary, a repeal date for the fee. The plan will also include the effect of enrollment fluctuations. A simple majority of the votes cast determines the outcome of any student election.

Student approval through a majority vote of the student body is required for these fee categories:

Student Fees: A new student activity fee or an increase in an existing student activity fee (in excess of inflation only).

Bond Fees: A new fee or fee increase (in excess of inflation only) assessed for the construction, renovation, and/or operation of auxiliary or academic facilities or operations.

Institutional Fee Plan - Arapahoe Community College

Student Elections Concerning Fees

The college president is responsible for administering all student elections concerning fees. The plan will include the form of notice of how students are informed of the amount and purpose of the proposed fee, the number of years that the fee will be imposed, and the effect of enrollment fluctuations. A simple majority of the votes cast determines the outcome of any student election. ACC may conduct a student vote once each term. This election scheduled in consultation with the ACC Associated Student Government Constitution specifies when its regularly scheduled elections will be held in accordance with its bylaws and will be announced to the students at least thirty (30) days in advance. No new fee, fee increases or fee extension that is defeated by a vote of the student body may be resubmitted for a student vote until the following regularly scheduled election. The college shall specify when its regularly scheduled election will be held.

Student Approval Not Required

1. Existing fees, new fees, or increases in fees relating to permanent student purposes.
2. Existing fees, new fees, or increases in fees relating to administrative fees for a Course Specific course.
3. Any fee assessed for repayment of bonds issued or incurred prior to July 1, 1997.
4. Increase in any fee that is applied to repayment of bonds issued or incurred prior to July 1, 1997 if the fee increase is necessitated by a covenant in the authorizing bond resolution or other agreement for the specific project.
5. Increase in any fee that is applied to the repayment of bonds issued or incurred prior to July 1, 1997 if the fee increase is assessed for the repayment on bonds that are issued to refund existing bonds for the specific project and the maturity date of the refunding bonds is the same or earlier than the maturity date of the existing bonds.

Student Approval Required (by a Majority of Votes)

1. New fee or fee increase (in excess of inflation only) assessed to cover administrative costs.
2. New fee or fee increase (in excess of inflation only) assessed for non-permanent student purposes. New non-permanent student purpose fee or fee increases after July 1, 1997 must contain an expiration date. Non-permanent student purpose fees in existence prior to July 1, 1997 and which are not scheduled to expire prior to July 1, 2000 shall be subject to approval by student election at the first regularly scheduled student election after July 1, 2000.

PART C – Arapahoe Community College Participation and Appeal Processes

Institutional Fee Plan - Arapahoe Community College

Student participation in the development of campus and statewide fees occurs at two levels through recognized governance bodies. At the first level ACC's recognized student governance body, the ACC Associated Student Government, is consulted by ACC's President and/or his or her designees. At the second level a State Student Advisory Council (SSAC) exists and is advised by a CCCS staff member. Additionally, the SSAC vice chair sits on the State Board for Community Colleges and Occupational Education (SBCCOE) as provided by Board Policy 4-25 and Colorado Revised Statute 23-60-104.

Campus Student Participation and Appeal Process

The ACC Associated Student Government (ASG) is consulted by the administration about the fees listed above on a routine basis.

1. ACC's student fee request must be submitted to CCCS by mid-March of each year. Accordingly, sufficient time should be earmarked for consultation between administration and students to meet this deadline. All existing fees will be submitted to CCCS unless a specific exception is made by the system Vice President of Finance. New and increased fees must include a rationale and an accompanying statement documenting the purposes to which the additional revenue will be applied.
2. In the event student representatives to the internal fee process do not agree with elements of the administration's final fee proposal, both parties will commit to seeking informal resolution through established system procedures regarding Student Grievances (System Presidents Procedure 4-31).

SBCCOE Participation and Appeal Process

The SBCCOE will approve all student fees across the system prior to their implementation. The procedures above provide a mechanism for students to participate in the process of establishing fees, including the opportunity for the students and student representatives to address the Board during discussion and action of student fee proposals.

It is the responsibility of the administration to provide the president of the ACC ASG with the final action taken by SBCCOE on student fees after the Board meeting in which student fees are approved. It is the responsibility of the president of the ACC ASG to inform members of the ACC ASG Associated Student Government and other students of the final SBCCOE action on student fees.
