PART B--Elections and Required Approvals

Student Elections

Under the circumstances as outlined below, students are required to approve new fees and increases in existing fees in the following fee categories, Student Activity Fees and Bond Fees. The president of Northeastern Junior College is responsible for administering all student elections concerning fees, upon SBCCOE approval of the referendum plan. The plan for the proposed fee will include the form of notice to students of the amount, the reason for the assessment, the purpose for which Northeastern Junior College will use the revenue, and whether the fee is permanent or temporary, and if temporary, a repeal date for the fee. The plan will also include the effect of enrollment fluctuations. A simple majority of the votes cast determines the outcome of any student election.

Northeastern Junior College may conduct a student vote once each term. This election will be scheduled in consultation with the Northeastern Junior College Associated Student Government and will be announced to the students at least thirty (30) days in advance. The Northeastern Junior College Student Government Constitution scheduled elections may be held fall, spring, or as a special election.

The results of successful referendum elections are not subject to appeal and proceed directly to SBCCOE for disposition. No new fee, fee increases, or fee extension that is defeated by a vote of the student body may be resubmitted for a student vote until the following regularly scheduled election. All student fee elections are advisory to the SBCCOE.

Student Approval Required (by a Majority of Votes)

Student approval through a majority vote of the student body is required for these fee categories.

1. Student Fees: New student activity fee or an increase in an existing student activity fee (in excess of inflation only).
2. Bond Fees: A new fee or fee increase (in excess of inflation only) assessed for the construction, renovation, and/or operation of auxiliary or academic facilities or operations.

Itemization of Student Fees on Billing Statements

Northeastern Junior College shall separately itemize and disclose the fees charged to students in its student billing statements. Such itemization shall not be required for any academic course fee that is specifically listed in the course catalog. Any optional fees or charges that are automatically assessed unless the student chooses not to pay, except for health care fees, shall be refunded, upon request, to any student who paid the fee. Such refund shall be available during the entire term in which the fee was paid.

PART C -- Review of Fee Fund Balances and Exemption Status

The Northeastern Junior College President, or his/her delegate, will consult with the Northeastern Junior College Associated Student Government Finance Committee in its capacity to review all fees annually, prior to submission of student fees for the next fiscal year to SBCCOE, for continued applicability, accountable use of funds, and fund balance requirements. Recommendations for changes including decrease or discontinuance of fees are to be made to the administration on the same time schedule as requests for new fees. The annual review will also serve to ensure that fee fund balances are not increasing at a rate exceeding 50 percent of any fee's annual revenues, notwithstanding any prior formal agreements to collect fee revenue for expenditures in future years. If it is determined that a fee fund balance is increasing by an amount in excess of the aforementioned threshold, the college administration will consult with Northeastern Junior College Associated Student Government Finance Committee to discuss options for adjusting the fee rate per credit hour to a level that is within the stated threshold.

The Northeastern Junior College Associated Student Government Finance Committee, in its capacity of constitutional authority, may exempt courses of the ASG Fee. On an annual basis, the Northeastern Junior College Associated Student Government Finance Committee will review approved courses with exemption status of the ASG Fee to assure continued qualification for exemption. It is the responsibility of the president of

the Northeastern Junior College Associated Student Government to provide the Northeastern Junior College president, or his/her delegate, all formal actions taken by the Northeastern Junior College Associated Student Government Finance Committee concerning ASG Fee exemptions, approved or continued status.

PART D -- Participation and Appeal Processes

Campus Student Participation and Appeal Process

Student participation in the development of campus and statewide fees occurs at two levels through recognized governance bodies. At the first level Northeastern Junior College's recognized student governance body, the Northeastern Junior College Associated Student Government, is consulted by Northeastern Junior College's president and/or his or her designees. At the second level a State Student Advisory Council (SSAC) exists and is advised by a CCCS staff member. Additionally, the SSAC vice chair sits on the State Board for Colleges and Occupational Education as provided by Board Policy 4-25 and Colorado Revised Statute 23-60-104.

Northeastern Junior College's student fee request must be submitted to CCCS by mid-March of each year. Accordingly, sufficient time should be earmarked for consultation between administration and students to meet this deadline. All existing fees will be submitted to CCCS unless a specific exception is made by the system Vice President for Finance. New and increased fees must include a rationale and an accompanying statement documenting the purposes to which the additional revenue will be applied.

In the event student representatives to the internal fee process do not agree with elements of the administration's final fee proposal, both parties will commit to seeking informal resolution. If informal resolution to the issue or issues does not occur, the president of the Northeastern Junior College Associated Student Government may file a written appeal with the college president within three (3) working days. A written appeal will state the substantive grounds for the appeal. Any appeals filed after this date will not be considered. The college president will respond to the written appeal within three (3) working days. The president's written response will include rationale for either accepting or denying the written appeal. Within three (3) working days, by a majority of the membership of the Northeastern Junior College Associated Student Government, the Northeastern Junior College Associated Student Government may reject the college president's response. If a majority is not attained or if the Northeastern Junior College Associated Student Government fails to take action, the college president's response is final and no further appeals on the same issue are possible. If the Northeastern Junior College Associated Student Government rejects the college president's response, the president of the Northeastern Junior College Associated Student Government may file a written appeal with the advisor to the State Student Advisory Council within three (3) working days, as provided in the next section.

The administration and the Northeastern Junior College Associated Student Government may waive the appeal time lines by mutual consent.

SBCCOE Participation and Appeal Process

The SBCCOE will approve all student fees across the system prior to their implementation. The procedures above provide a mechanism for students to participate in the process of establishing fees, including the opportunity for the students and student representatives to address the Board during discussion and action of student fee proposals.

It is the responsibility of the administration to provide the president of the Northeastern Junior College Associated Student Government with the final action taken by SBCCOE on student fees after the Board meeting in which student fees are approved. It is the responsibility of the president of the Northeastern Junior College Associated Student Government to inform members of the Northeastern Junior College Associated Student Government and other students of the final SBCCOE action on student fees.
