

SECTION I

PART N SERVICE AREAS OF COLORADO PUBLIC INSTITUTIONS OF HIGHER EDUCATION

1.00 Introduction

C.R.S. §23-1-109(2) requires the Colorado Commission on Higher Education to define the geographic and programmatic service areas for Colorado public institutions of higher education:

“The commission shall define, after consultation with the governing boards of institutions, the geographic and programmatic service areas for each state-supported institution of higher education. No such institution shall provide instruction off-campus in programs or in geographic areas or at sites not approved by the commission, unless otherwise provided by law.”

This policy provides precise narrative descriptions of the geographic service areas for all Colorado universities with a two-year statutory role and mission, community colleges, local district colleges, and area technical colleges.

See Section 4.00 below for all four-year institutions.

When discussing the service areas of community college, local district colleges, area technical colleges, and universities delivering educational services through their two-year statutory role and mission the precise narrative descriptions contained herein should be referenced. These narrative descriptions should also be used or referenced in planning documents concerning community college, local district colleges, and area technical colleges.

These institutions' service areas are the geographic areas in which these institutions may offer their programs.

Career and technical education instruction and academic instruction at the lower division level shall be offered in separate and distinct service areas.

4.00 Geographic Service Area for Four-Year Institutions

For all institutions with a four-year statutory role and mission, the service area is the entire state of Colorado, except that the geographic service area for four-year institutions delivering services through a two-year statutory role and mission shall be as is described in Sections 2.00 and 3.00.

5.00 Process to Seek a Concurrent Enrollment Exception

House Bill 18-1052 established a process (C.R.S §23-1-109(6)) to facilitate local education provider participation in a Concurrent Enrollment course or program, pursuant to §22-35-112, C.R.S., with an institution of higher education that is outside of the institution's geographic service area in which the local education provider is located. This policy shall apply when the local education provider requests, in writing, a Concurrent Enrollment course or program from an institution of higher education within which geographic service area the local education provider resides. The institution may decline, in writing, to provide the requested Concurrent Enrollment course or program. If the institution fails to respond to the local education provider within 45 days of the request, the institution shall be deemed to have declined to provide the requested Concurrent Enrollment course or program.

- 5.01 If an institution in the local education provider’s Commission-approved geographic service areas declines or is deemed to have declined to provide a requested Concurrent Enrollment course or program, the local education provider may then partner with an institution of higher education outside of the Commission-approved geographic service area where the local education provider is located to provide the requested Concurrent Enrollment programs or courses. After a local education provider reaches an agreement with an institution outside the Commission-approved geographic service area, the local education provider must provide the Department with the following:
- i. A dated copy of the request made in writing to the institution in the local education provider’s geographic service area and an explanation of the institution’s response and/or decision to decline to offer the requested Concurrent Enrollment course or program;
 - ii. A detailed account of the specific Concurrent Enrollment academic programs or courses;
 - iii. Identification of which institution(s) outside of the geographic service area the local education provider plans to partner with to offer the requested Concurrent Enrollment programs or courses; and
 - iv. The length of time of the agreement
- 5.02 If an institution is deemed to have declined because they do not respond to the Local Education Provider’s request within 45 days then the concurrent enrollment service area exception will, by default, last two years unless a shorter time is requested by the Local Education Provider. If both parties agree in writing to the exception then the concurrent enrollment service area exception can last up to five years. Once a concurrent enrollment service area exception has expired then the local education provider must submit another request. However, requests may be submitted on a yearly basis.
- 5.03 When an institution of higher education provides a Concurrent Enrollment course or program outside of its service area pursuant to this policy, it shall be funded in the same manner as Concurrent Enrollment courses and programs offered within the institution’s service area and shall be treated as on-campus instruction.
