Background.....	3
Department Efforts to Increase Access to Postsecondary Workforce Readiness.....	4
Financial Aid Application Completion Data .....	7

# Background

To meet the demands of its current and future workforce, Colorado needs to increase postsecondary attainment. To do this, we must help more students find affordable pathways to postsecondary education so they have the confidence to enroll. One way to increase enrollment in higher education, particularly for low- and middle-income students, is to increase the number of students who complete the Free Application for Federal Student Aid (FAFSA) and Colorado Application for State Financial Aid (CASFA). This report provides updates on the Department's recent work to improve FAFSA and CASFA completion and shares the latest available data on financial aid application completion rates.

Data from the [2024 Colorado Pipeline Report, Spring Edition on Education and Training](#)<sup>1</sup> show that, “To attract employers to the state and create high-paying jobs, the number of additional postsecondary credential completers will need to **drastically increase**. Given that the number of postsecondary credential holders currently sits at 60.5% (or 1,914,284 Coloradans), to boost this level just by 5.5% by 2034, **Colorado's institutions of higher education would need to supply an additional 17,000 credential recipients annually for the next 10 years**. To meet the projected need for Colorado's workforce in coming years, this number of additional credential earners would be even higher, with **73% of Coloradans estimated to need a postsecondary credential by 2031 to be considered competitive in the state in terms of workforce readiness.**”

Free Application for Federal Student Aid (FAFSA) completion is strongly associated with postsecondary enrollment: 92% of seniors who completed the FAFSA enrolled by the November following graduation vs. 51% who did not complete a FAFSA ([National College Attainment Network](#)<sup>2</sup>). Completion of federal or state financial aid applications supports access to career pathway options— to support paying for tuition, fees, and other expenses associated with additional training beyond high school<sup>3</sup>.

---

<sup>2</sup> [National College Attainment Network](#)

<sup>3</sup> [Improving Students' Postsecondary Options – HB 22-1366](#)

In 2022, Colorado lawmakers passed Improving Students' Postsecondary Options ([HB 22-1366](#)<sup>4</sup>). As prescribed in the legislation, this report provides an annual update to the education committees on:

- Steps the Department has made to improve the toolkit which encompasses FAFSA and CASFA resources for parents and students, and increase access to postsecondary workforce readiness;
- Recommendations for legislative changes necessary to improve FAFSA and CASFA completion rates;
- Subject to data availability and data privacy requirements, data showing the FAFSA and CASFA completion rates by high school and school district and, where available, disaggregated by race, ethnicity, first-generation status, Pell Grant eligibility for adults by county; and high schools, and school districts;
- Information as determined by the department or partner agencies, including, but not limited to, the Colorado Department of Education (CDE), Colorado Workforce Development Council (CWDC), Colorado Department of Labor and Employment (CDLE), or Office of Economic Development and international trades in support of Colorado's economic and job needs.

## Department Efforts to Increase Access to Postsecondary Workforce Readiness

1. During fiscal years (FY) 2023 and FY 2024, the Department worked to increase access to postsecondary education and build Colorado's educated workforce. Department efforts to increase students' postsecondary options included: **Capacity Building** - The Outreach Team hired an outreach navigator, outreach director, and two term-limited positions—a FAFSA coordinator and a CASFA coordinator. These positions created additional capacity within the Division and Department to execute a statewide outreach plan aimed at increasing financial aid application completions and providing more in-person events and training giving more direct financial aid support and resources to students, families, and the professionals that serve them including high school counselors, educators, and partners organizations.

---

<sup>4</sup> [Improving Students' Postsecondary Options – HB 22-1366](#)

2. **[Toolkit Expansion](#)** – To ensure prospective students and their families have resources available to understand the FAFSA and CASFA, the Department built out a financial aid toolkit with the following accessible resources in both English and Spanish: FAFSA Checklist, FAFSA FAQs, Applying for the FAFSA, Net Price Calculator, FAFSA Guide for Parents, Start or Complete the FAFSA, Creative Ways to Afford Higher Education, Creating a FSA ID: Worksheet and Guide, Support for Unusual Circumstances, FAFSA or CASFA?, Provisions for Individuals with Housing Insecurity or Foster Care, FAFSA Simplification Act Changes, Determining Your Eligibility, How to Host a CASFA/FAFSA Event, CASFA Resource Guide, CASFA Fact Sheet, Understanding the CASFA: Process for Parents, and CASFA Checklist and Quick Tips. The Department shared the toolkit with counselors, students and families via monthly newsletters, partner communications, in-person and virtual presentations, trainings, events, social media and via paid advertising (more on that campaign is mentioned below). Analytics for the paid advertising and social media campaign can be found below.

3. **Educator Financial Aid Trainings** – The Department conducted five [educator trainings](#) with more than 458 registrants in collaboration with the Colorado Department of Education (CDE). The educator trainings were held to spread awareness around the importance of completing a financial aid application and answering FAFSA and CASFA common questions. Attendees received a one-time \$500 stipend if they were a local education provider (LEP) working with students in grades 9-12. CDE dispersed 249 stipends. All participants received six continuing education credits.

**The full-day trainings were held in the following locations:**

- Denver Metro Region on Monday, June 5, 2023, at Community College of Aurora
- Northeastern Region on Saturday, Sept. 9, 2023, at Northeastern Junior College
- Southern Region on Wednesday, January 17, 2024, at Trinidad State College
- Denver Metro Region on Friday, February 9, 2024, at University of Colorado Denver
- Western Slope Region on Saturday, April 6, 2024, at Colorado Mesa University

4. **Colorado Free Application Days** – Colorado Free Application Days is a three-day period students can submit their admissions applications for free at participating public four-year, community, two-year, technical colleges, and private colleges. The 2023 [Colorado Free Application Days](#) saved students \$2.8 million in college application fees. Colorado students submitted nearly 65,000 college and university admissions applications (a 1% increase over last year's campaign) during the sixth annual statewide

initiative, which took place from Tuesday, Oct. 17 through Thursday, Oct. 19, 2023. To date, students have saved nearly \$13 million in application fees over the six-year course of this campaign. Now in its seventh year, the 2024 campaign runs from Oct. 15-17.

5. **Outreach Presentations and Other Trainings** – To spread awareness around the importance of completing a financial aid application and answer common questions, outreach staff presented an overview of financial aid options, FAFSA/CASFA information, and programs that can help pay for postsecondary education.
  - FY 2023: Outreach staff conducted 101 trainings/events with 7,461 attendees
  - FY 2024: Outreach conducted 158 trainings/events with 10,095 attendees
6. **Better FAFSA/CASFA Lunch & Learn Series** – Convened monthly, these free webinars provide high school counselors and staff, student advocates, community education partners, and educators with relevant financial aid information to support their students. Attendees had the opportunity to ask questions, exchange ideas, and collaborate. Since October 2023, nearly 600 individuals have attended this series.
7. **Digital FAFSA/CASFA Campaign** – The Department launched a digital campaign that ran from June 20-July 31, 2024. The goal of the campaign was to drive students to start or finish their FAFSA/CASFA. Display ads and videos were featured on YouTube, Meta, Snapchat, and TikTok.
  - i. 13,255 visitors came to the English FAFSA/CASFA webpage and 2,120 visitors to the Spanish FAFSA/CASFA webpage.
  - ii. YouTube ads were shown to 408k people. Out of these impressions, nearly 60% watched the duration of the ad or clicked on the ad before it was complete.
  - iii. Snapchat ads were shown to more than 467k people, and 9,389 people clicked through to the website.
  - iv. TikTok ads were shown to more than 269k people. 6,246 people clicked through to the website. The majority of clicks were from iOS devices (75%).
  - v. Display ads were shown to 443k people, and 7,653 clicked through to the website.

# Financial Aid Application Completion Data

The Department's FAFSA Completion Tool Fund technical staff to support the FAFSA Completion tool (soon to be renamed the Financial Aid Completion Tool) helps counselors better assist high school seniors in completing the FAFSA and counselors, principals, and mentors access to provide targeted assistance. The state's 178 school districts rely heavily on the information provided by the tool to support FAFSA completion initiatives. The tool helps schools identify students who have not filled out the FAFSA or financial aid application and work with them toward completion. Data in the table below reflect FAFSA/CASFA completion rates as of September 17, 2024. The 2024-2025 FAFSA and CASFA applications are open until June 30, 2025.

The financial aid application completion rates are displayed together to protect sensitive CASFA student data and because the CASFA completion numbers are too small to publish (to protect student privacy). Since the financial aid application completion rate is being reported as one number—adding FAFSA and CASFA rates—it is important to note that the individual rates were determined using a different methodology:

- The FAFSA completion rate data analysis uses 2024-25 FAFSA forms matched with the Department's 2023-2024 high school senior October count (using name and date of birth).
- The CASFA completion rate data analysis uses processed 2024-25 CASFA filtered by self-reported indicators of attending high school in Colorado, being a first-year college student, having no bachelor's degree obtained, and date of birth between 2003-2008. Students may have transferred in or out of a school after the October count date so the cohort number and student list used to match with FAFSA data may not be the same as the schools' up-to-date list.

Following substantial changes to the application, the 2024-25 FAFSA opened three months later than usual on December 31, 2023, and had technical difficulties from January until May of 2024. As a result, FAFSA completion lagged nationally and in Colorado. Just over 22% of Colorado high school seniors had completed a FAFSA by March 2024, 39.6 percentage points less than March 2023. Since March of 2024, Colorado has increased the FAFSA completion rate to 42.9%, only 8 percentage points less than in 2023. As a result of the issues with the FAFSA application, Colorado institutions of higher education had to delay their decision deadlines and were late in packaging financial aid awards.

## 2024-25 Financial Aid Application Completion Rates, by High School, September 2024
