Higher Education

Improving Students' Postsecondary Options Report

2025

The Colorado Department of Higher Education
Report to the education committees of the House of Representatives and
Senate of the Colorado General Assembly

Statute: 23-3.3-106

The Colorado Department of Higher Education (DHE), under its own authority and through the Colorado Commission on Higher Education (CCHE), oversees and coordinates policy for 31 public institutions of higher education (including community colleges, independent local district colleges and local area technical colleges) and authorizes and regulates private colleges, universities and occupational schools.

Mission – We support students, advocate and develop policies to maximize higher education opportunities for all.

Vision – All Coloradans will have an education beyond high school to pursue their dreams and improve our communities.

Prepared and submitted by the Colorado Department of Higher Education
under the Executive Leadership of Dr. Angie Paccione
Pursuant to the statutory authority of 23-3.3-106

October 2025

1600 Broadway, Suite 2200, Denver, CO 80202

Executive Summary

In accordance with HB 22-1366, this report offers the Colorado General Assembly's education committees of the House of Representatives and Senate an annual update on statewide efforts to improve students' postsecondary readiness, financial aid application access, actions taken, and financial aid completion rates by high school and school district ([Appendix A Table1](#)).

Between fiscal years 2023 and 2025, the Colorado Department of Higher Education undertook a series of strategic efforts to expand access to postsecondary education and strengthen the state's workforce. Central to these efforts was the expansion of the outreach team, including the hiring of key personnel such as a FAFSA coordinator, CASFA coordinator, outreach navigator, and director. These roles enabled the Department to execute a statewide outreach plan focused on increasing financial aid application completions and delivering direct support to students, families, and educators. While permanent funding was secured for the CASFA coordinator in FY 2025, the FAFSA coordinator position was not funded due to state budget constraints.

A major milestone was the launch of the improved [Financial Aid Completion Tool](#) on October 10, 2025. This centralized platform allows verified users in K–12 districts and postsecondary institutions to track FAFSA and CASFA completion data securely. The tool provides critical insights that help educators support students—particularly those from low-income backgrounds—who are significantly more likely to enroll in college when they complete financial aid applications.

To further support students and families, the Department developed a comprehensive Financial Aid Toolkit in both English and Spanish. This resource includes checklists, guides, FAQs, and worksheets designed to simplify the FAFSA and CASFA processes. The toolkit was widely distributed through newsletters, presentations, trainings, social media, and paid advertising, ensuring broad accessibility across the state.

Educator engagement was another priority. Since 2022, the Department has conducted seven full-day financial aid trainings in partnership with the Colorado Department of Education, reaching nearly 600 educators. Participants received stipends and continuing education credits, and trainings were hosted across diverse regions of Colorado to maximize reach and impact. Outreach efforts remained robust throughout the three fiscal years, with 384 trainings and events reaching more than 26,000 attendees. Monthly Lunch & Learn webinars provided ongoing support to counselors, educators, and community partners, attracting nearly 920 participants since their inception in October 2023.

Colorado Free Application Days continued to be an annual initiative, allowing students to submit college applications at no cost. In 2024 alone, students submitted nearly 66,000 applications, saving \$2.8 million in fees. Over the campaign's eight-year history, students have saved nearly \$15.8 million.

To amplify these efforts, the Department launched a targeted digital FAFSA/CASFA campaign from December 2024 to March 2025. Ads ran across Meta, YouTube, Snapchat, TikTok, and display networks, driving tens of thousands of clicks to the Department's financial aid webpages. Spanish-speaking students and English-speaking parents showed the highest engagement rates, and geographic data revealed strong participation from Denver, Colorado Springs, and Aurora.

Together, these initiatives reflect the Department's sustained commitment to increasing postsecondary access, improving financial aid literacy, and supporting Colorado students on their path to higher education.

Financial Aid Application Completion Data 13

Appendix A 15

Table of Figures

Table 1: 2025–26 FAFSA/CASFA completion rates as of July 14, 2025 15

Background

To meet the demands of its current and future workforce, Colorado needs to increase postsecondary attainment. To accomplish this, we must help more students find affordable pathways to postsecondary education, so they have the confidence to enroll. According to the [National College Attainment Network \(NCAN\)](#)¹, high school seniors who complete the FAFSA by graduation day are more likely to make a thoughtful and informed decision about where they enroll for higher education with the assistance of a college access adviser, school counselor, teacher, or other administrator. This report provides updates on the Department's work to improve FAFSA and CASFA completion and shares the latest available data on financial aid application completion rates.

Data from the [2024 Colorado Pipeline Report](#), Spring Edition, on Education and Training ² notes, "to attract employers to the state and create more high-paying jobs, the number of individuals who have earned postsecondary credentials will need to drastically increase. The number of postsecondary credential holders sat at 62.9% (or 1,445,510 Coloradans age 25 and older) in 2022. To boost this level by a minimum of 5.5% by 2034, Colorado's postsecondary education and training providers would need to supply approximately an additional 38,000 credential recipients over the next 10 years."

FAFSA completion is strongly associated with postsecondary enrollment: 92% of seniors who completed the FAFSA enrolled in postsecondary education by November following graduation compared to 51% who did not complete a FAFSA (National College Attainment Network)³. While students who elect to complete a FAFSA are likely more interested in pursuing postsecondary education than those who do not, completion of federal or state financial aid applications supports access to career pathway options and can help inform students and their families about resources to support paying for tuition, fees and other expenses associated with additional training beyond high school.

² [2024 Talent Pipeline Report](#)

³ [National College Attainment Network](#)

In 2022, Colorado lawmakers passed Improving Students' Postsecondary Options ([HB 22-1366](#)⁴). As instructed in the legislation, this report provides an annual update to the education committees on:

- Steps the Department has made to improve the toolkit, which encompasses FAFSA and CASFA resources for parents and students, and increase access to postsecondary workforce readiness;
- Recommendations for legislative changes necessary to improve FAFSA and CASFA completion rates;
- Subject to data availability and data privacy requirements, data showing the FAFSA and CASFA completion rates by high school and school district and where available, disaggregated by race, ethnicity, first-generation status, and Pell Grant eligibility for adults by county, and high schools, and school districts;
- Information as determined by the department or partner agencies, including, but not limited to, the Colorado Department of Education (CDE), Colorado Workforce Development Council (CWDC), Colorado Department of Labor and Employment (CDLE), or Office of Economic Development and international trades in support of Colorado's economic and job needs.

⁴ [Improving Students' Postsecondary Options – HB 22-1366](#)

Department Efforts to Increase Access to Postsecondary Workforce Readiness

Capacity Building

During fiscal years (FY) 2023, 2024, and 2025, the Department worked to increase access to postsecondary education and build Colorado's educated workforce. In FY 2023, the Outreach Team hired an outreach navigator, outreach director, and two term-limited positions—a FAFSA coordinator and a CASFA coordinator. These positions created additional capacity within the Division and Department to execute a statewide outreach plan aimed at increasing financial aid application completions and providing more in-person events and training, giving more support and resources to navigate financial aid to students, families, and the professionals that serve them, including high school counselors, educators, and partners organizations. In 2025, permanent funding for the CASFA coordinator was approved. The FAFSA coordinator position was not funded past FY 2025.

Financial Aid Completion Tool

The Department's improved Financial Aid Completion Tool launched on October 10, 2025. The Financial Aid Completion Tool is the state's only centralized platform for securely sharing financial aid application completion data with verified users in K–12 districts and postsecondary institutions. The Financial Aid Completion Tool enables counselors and school administrators to track data for both FAFSA and CASFA for the first time in a single tool. High school seniors who complete the FAFSA/CASFA are significantly more likely to enroll in college immediately after high school. For students in the lowest socioeconomic quintile, FAFSA completion is associated with an even greater increase in immediate college enrollment.

Financial Aid Toolkit

To ensure prospective students and their families have resources available to understand the FAFSA and CASFA, the Department built out a [Financial Aid Toolkit](#) with the following accessible resources in both English and Spanish:

- FAFSA Checklist
- FAFSA FAQs
- Applying for the FAFSA
- Net Price Calculator
- FAFSA Guide for Parents
- Start or Complete the FAFSA
- Creative Ways to Afford Higher Education
- Creating a FSA ID Worksheet and Guide
- Support for Unusual Circumstances
- FAFSA or CASFA?
- Provisions for Individuals with Housing Insecurity or Foster Care
- FAFSA Simplification Act Changes
- Determining Your Eligibility
- How to Host a CASFA/FAFSA Event
- CASFA Resource Guide
- CASFA Fact Sheet
- Understanding the CASFA: Process for Parents
- CASFA Checklist and Quick Tips

The Department shared the toolkit with counselors, students and families via monthly newsletters, partner communications, in-person and virtual presentations, trainings, events, social media and via paid advertising (more on that campaign is mentioned below). Analytics for the paid advertising and social media campaign can be found below on Page 12, Digital FAFSA/CASFA Campaign.

Educator Financial Aid Trainings

Since 2022, the Department has conducted seven [educator trainings](#) with more than 596 registrants total, 158 for FY 2025, in collaboration with the Colorado Department of Education (CDE). The educator trainings spread awareness around the importance of completing a financial aid application and answering common FAFSA and CASFA questions. Attendees received a one-time \$500 stipend if they were a local education provider (LEP) working with students in grades 9-12. CDE dispersed 361 stipends total, 112 for Fiscal Year 2025. All participants received six continuing education credits.

The full-day trainings were held in the following locations:

- Denver Metro Region at Community College of Aurora
- Northeastern Region at Northeastern Junior College
- Southern Region at Trinidad State College
- Denver Metro Region at University of Colorado Denver
- Western Slope Region at Colorado Mesa University
- Northern Region at Aims Community College, Greeley
- Southern Region at Adams State University, Alamosa

Colorado Free Application Days

Colorado Free Application Days are a three-day period in which students can submit their admissions applications for free at public four-year, community, two-year, technical colleges, and most private colleges in Colorado. The 2024 [Colorado Free Application Days](#) saved students \$2.8 million in college application fees. Colorado students submitted nearly 66,000 college and university admissions applications (a 1% increase over the 2023 campaign) during the annual statewide initiative, which took place from Tuesday, Oct. 15, through Thursday, Oct. 17, 2024. To date, students have saved nearly \$15.8 million in application fees over the seven-year course of this campaign. Now in its eighth year, the 2025 campaign ran from Oct. 7-9.

Outreach Presentations and Other Trainings

To spread awareness around the importance of completing a financial aid application and answer common questions, outreach staff presented an overview of financial aid options, FAFSA/CASFA information, and programs that can help pay for postsecondary education.

- FY 2023: Outreach staff conducted 101 trainings/events with 7,461 attendees
- FY 2024: Outreach conducted 158 trainings/events with 10,095 attendees
- FY 2025: Outreach conducted 125 trainings/events with 8,916 attendees

FAFSA/CASFA Lunch & Learn Series

Convened monthly, these free webinars provide high school counselors and staff, student advocates, community education partners, and educators with relevant financial aid information to support their students. Attendees had the opportunity to ask questions, exchange ideas, and collaborate. Since October 2023, nearly 920 individuals have attended this series.

Digital FAFSA/CASFA Campaign

The Department launched a second phase of its digital campaign from Dec. 15, 2024, to March 15, 2025. The goal of the campaign was to drive students to start or finish their FAFSA/CASFA. Display ads and videos were featured on Meta, YouTube, Snapchat and TikTok.

- i. The Meta campaign resulted in 8,287 clicks to the website at a clickthrough rate (CTR) of 1.03%. The group with the highest CTR was Spanish-speaking students.
- ii. YouTube ads served 823,099 impressions during the campaign duration. Out of these impressions, 63.24% watched the duration of the ad or clicked on the ad before it was complete. The view rate was higher for parents than for students. The highest number of views originated in Denver, followed by Colorado Springs, and Aurora.
- iii. Snapchat ads were shown to 475,553 people during this time frame. There were 11,806 clicks to the website at a CTR of 2.48%. These ads were targeted at current high school students and potential higher ed students. The audience skewed 55% female.
- iv. Despite the short lapse in TikTok service during January, 1,153,264 ads were served during the campaign duration. 14,315 people clicked through to the website at a CTR of 1.24%. The majority of those who clicked on the ads share an interest in games and social apps.

- v. During the date range, there were 16,019 visitors to the English FAFSA/CASFA webpage. 12.41% of sessions were highly engaged.
- vi. There were 1,728 users to the Spanish FAFSA/CASFA webpage during the date range. Engagement rate was 14.41%.
- vii. Display ads - There were 544,290 ad impressions served during this time frame. 2,944 people clicked through to the website at a CTR of 0.54%. The demographic with the highest CTR was English-speaking parents. The highest-performing placements were on news and magazine, and mobile game apps.

Financial Aid Application Completion Data

The Department's Financial Aid Completion Tool supports and helps counselors better assist high school seniors in completing financial aid applications (FAFSA or CASFA), and counselors, principals and mentors have access to provide targeted assistance. The state's 178 school districts rely on the information provided by the tool to support financial aid application completion initiatives. This tool helps schools identify students who have not filled out the FAFSA or CASFA and work with them toward completion. Data in the table below reflect FAFSA/CASFA completion rates as of July 14, 2025. The current completion rate is 42.92%. The 2025-2026 FAFSA and CASFA applications are open until June 30, 2026.

Methodology

The financial aid application completion rates are displayed together to protect sensitive CASFA student data and because the CASFA completion numbers are too small to publish (to protect student privacy). Since the financial aid application completion rate is being reported as one number—adding FAFSA and CASFA rates—it is important to note that the individual rates were determined using a different methodology:

- The FAFSA completion rate data analysis uses 2025-26 FAFSA forms matched with the Department's 2024-2025 high school senior October count (using name and date of birth).
- The CASFA completion rate data analysis uses processed 2025-26 CASFA filtered by self-reported indicators of attending high school in Colorado, being a first-year college student, having no bachelor's degree obtained, and date of birth between 2004-2009. Students may have transferred in or out of a school after the October count date so the cohort number and student list used to match with FAFSA data may not be the same as the schools' up-to-date list.

The U.S. Department of Education (ED) used a new process to launch the 2025–26 Free Application for Federal Student Aid (FAFSA®) form. Starting Oct. 1, 2024, as part of a testing period, the Department released the form to a limited group of students and schools. Over time, the form became available to more participants, until the form was successfully launched to all users on Nov. 21, 2024, nearly two months later than usual. This application cycle launch was much smoother than the previous year, due to the U.S. Department of Education (ED) providing weekly updates, sharing data, and increasing transparency about the FAFSA release process.
