Policy and Data on Student Holds Due to Past-Due Student Accounts by Institution of Higher Education

2026

The Colorado Department of Higher Education
Report as part of the SMART Act Hearing

Statute: §25-5-113.5

The Colorado Department of Higher Education (DHE), under its own authority and through the Colorado Commission on Higher Education (CCHE), oversees and coordinates policy for 31 public institutions of higher education (including community colleges, independent local district colleges and local area technical colleges) and authorizes and regulates private colleges, universities and occupational schools.

Mission – We support students, advocate and develop policies to maximize higher education opportunities for all.

Vision – All Coloradans will have an education beyond high school to pursue their dreams and improve our communities.

Introduction

Colorado Revised Statute §25-5-113.5, created from House Bill 22-1049 *Concerning Prohibiting a Postsecondary Institution from Making Payment of an Outstanding Balance on a Student's Account a Condition of Issuing the Student's Documents*, directed the Colorado Department of Higher Education (CDHE) to collect and report transcript and registration holds annually from each postsecondary institution. This report includes the following:

- The postsecondary institution's policy regarding holds;
- The number of students for whom the postsecondary institution is withholding official transcripts, diplomas, and registration privileges; and
- The number of past-due student accounts assigned to third-party collection agencies, including the number of students who are eligible for federal Pell grants.

Beginning January 2025, and each January thereafter, CDHE shall annually report on the information reported by the institutions at the department's annual State Measurement for Accountable, Responsive, and Transparent (SMART) Government Act hearing.

While the statute allows institutions to withhold transcripts and diplomas from current and former students who owe a debt for tuition, room and board, and financial aid funds, it also provides rules which prevent institutions from withholding these college documents. These rules include that institutions shall not withhold transcripts and diplomas for students who owe a debt for expenses that are not tuition, room and board fees, or financial funds. Further, the college documents shall not be withheld if the student can demonstrate that they are needed for one of the following reasons:

- A job application;
- Transferring to another institution of higher education;
- Applying for state, federal, or institutional financial aid;
- Pursuit of opportunities in the military or national guard; or
- Pursuit of other postsecondary opportunities.

Finally, institutions of higher education are directed to create and provide students with transcript and diploma hold information, by making these policies available on their websites.

Totals for the 2025 Academic Year:

- The total number of students institutions withheld official transcripts, diplomas, and registration privileges due to student debt: 76,984 (55,313 in 2024)
- Total number of past-due student accounts assigned to third-party collection agencies: 53,167 (43,275 in 2024)
- Number of past-due student accounts assigned to third-party collection agencies who were Pell eligible: 11,525 (8,752 in 2024)
- 21.7 percent of students sent to collections were Pell eligible (20.2%)

MSU Denver	Transcript/diploma (no holds)	6969	2617	615	Note that we do not withhold transcripts or diplomas due to student debt. For registration privileges, the hold is temporary: once the student pays their balance down to under \$2,000, the hold is removed. Thus, each of the 7,906 students mentioned may have had multiple holds applied during the year, but the hold was lifted every time the balance came below \$2,000.

Rocky Mountain College of Art + Design	Rocky Mountain College of Art + Design	90	393	295	Before placing students on a registration hold, RMCAD's Student Accounts Department will reach out to students via phone, email and text to ensure students are aware of the balance owed and, if needed, provide payment plan options to help students manage their debt. If students are experiencing a financial hardship, they will be connected with the Financial Aid Department to assist them with exploring potential financial assistance options. RMCAD does not refer active students to a third party for collections and has a staff member dedicated to working with alumni and graduates on payment plan options before their debt is referred to a third-party collections agency. RMCAD and its third-party agency do not report debt or collections activities to any of the credit bureaus so they do not impact a student's credit score.

University of Colorado Colorado Springs	University of Colorado Colorado Springs	5855	980	6	<p>The total number of past-due accounts assigned to third-party collection agencies is much higher this year than last year due to one of our external agencies holding on to first placement accounts for much longer than they should have. Accounts are typically returned to us after one year of non-payment & many of these accounts were older than 2 years when they were returned, which resulted in several hundred older accounts being returned to UCCS all at once. All of these returns needed to be sent to a second placement at the same time, which in turn increased the number of total placements for the year whereas they should have been spread out over the course of multiple years.</p>

Answers to questions 6 and 7 include all accounts irrespective of dates placed. The University of Denver released all requested transcripts after communicating with affected students. Thus, no transcripts or diplomas were withheld. A total of 1,970 students had registration holds placed for financial reasons in this time period. Of these, all but 371 were resolved as of June 13, 2025.

University of Northern Colorado	University of Northern Colorado	1988	160	54	When students with an accounts receivable balance hold attempt to request a copy of their transcript or diploma, they are directed to a form which connects them with our Accounts Receivable office where someone inactivates the hold allowing the student to request the document. The hold is then reinstated. UNC is unable to identify how many of the students with an outstanding debt registration hold actually attempted to register while the hold was in effect. I reported the number of students who would have been prevented from registering on at least one day because of an outstanding debt registration hold.
