COLORADO
Department of Higher Education

Improving Students' Postsecondary Options Report

2026

The Colorado Department of Higher Education
Report to the education committees of the House of Representatives
and Senate of the Colorado General Assembly
Statute: 23-3.3-106

The Colorado Department of Higher Education (DHE), under its own authority and through the Colorado Commission on Higher Education (CCHE), oversees and coordinates policy for 31 public institutions of higher education (including community colleges, independent local district colleges and local area technical colleges) and authorizes and regulates private colleges, universities and occupational schools.

Mission – We support students, advocate and develop policies to maximize higher education opportunities for all.

Vision – All Coloradans will have an education beyond high school to pursue their dreams and improve our communities.

COLORADO
Department of Higher Education

Prepared and submitted by the Colorado Department of Higher Education
under the Executive Leadership of JB Holston
Pursuant to the statutory authority of 23-3.3-106

October 2026

Executive Summary

In accordance with HB 22-1366, this report offers the Colorado General Assembly's education committees of the House of Representatives and Senate an annual update on statewide efforts to improve students' postsecondary readiness, financial aid application access, actions taken, and financial aid completion rates by high school and school district (Appendix A Table1).

During fiscal year 2026, the Department advanced several initiatives to improve financial aid access and support for Colorado students, while navigating funding and capacity challenges. The Department launched an enhanced Financial Aid Completion Tool in October 2025. State budget constraints limited staffing support, restricting the tool's functionality to school-level FAFSA completion data. The absence of a dedicated staff impacted the Department's ability to provide student level data and technical support, creating a notable impact for K–12 districts and partners. To address this gap, in June 2026 the Department secured a SIPA GovGrant to fund tool enhancements, staffing, training, and expanded district engagement.

The Department also strengthened student and family support resources through an updated Financial Aid Toolkit, offering comprehensive, bilingual materials to guide FAFSA and CASFA completion. These resources were widely disseminated through newsletters, partner communications, trainings, events, and social media.

The Department developed and implemented a new Colorado Application for State Financial Aid (CASFA) application platform to replace the prior platform at the end of its contract term, improving sustainability and functionality for students.

Outreach and training efforts remained a priority, including in-person educator trainings, new online training modules, and a monthly FAFSA/CASFA Lunch & Learn series. Outreach staff conducted 36 trainings and events, reaching more than 4,100 participants. Additionally, Colorado Free Application Days continued to expand access to postsecondary education, generating over 71,000 applications in 2025 and saving students millions in application fees.

Consistent communication efforts, including a monthly Outreach Newsletter and ongoing social media engagement, ensured that stakeholders across K–12 districts, postsecondary institutions, and

community partners remained informed and connected to available resources. This report provides updates on the Department's work to improve FAFSA and CASFA completion and shares the latest available data on financial aid application completion rates.

Table 1: 2026-2027 FAFSA/CASFA completion rates as of July 14, 2026 ..... **11**

Background

To meet the demands of its current and future workforce, Colorado needs to increase postsecondary attainment. To accomplish this, we must help more students find affordable pathways to postsecondary education, so they have the confidence to enroll. Data from the 2025 Colorado Talent Pipeline Report[1] notes, "Across all 2025 Top Jobs, 77% typically require the completion of a postsecondary credential for entry." FAFSA completion is strongly associated with postsecondary enrollment. Completion of federal or state financial aid applications supports affordability and access to career pathway options and can help inform students and their families about resources to support paying for tuition, fees and other expenses associated with additional training beyond high school.

According to the National College Attainment Network (NCAN)[2], Completion of the Free Application for Federal Student Aid (FAFSA) is one of the strongest predictors of whether a high school senior will go on to college. Seniors who complete the FAFSA are 84% more likely to immediately enroll in postsecondary education, and for students in the lowest socioeconomic quintile, FAFSA completion is associated with a 127% increase in immediate college enrollment.

In 2022, Colorado lawmakers passed Improving Students' Postsecondary Options (HB 22-1366) to support these efforts.[3] As instructed in the legislation, this report provides an annual update to Colorado's Joint Education Committee on:

- Steps the Department has made to improve the toolkit, which encompasses FAFSA and CASFA resources for parents and students, and increase access to postsecondary workforce readiness;
- Recommendations for legislative changes necessary to improve FAFSA and CASFA completion rates;

[1] https://cwdc.colorado.gov/resources/colorado-talent-pipeline-report

[2] https://www.ncan.org/

[3] https://leg.colorado.gov/bills/HB22-1366

- Subject to data availability and data privacy requirements, data showing the FAFSA and CASFA completion rates by high school and school district and where available, disaggregated by race, ethnicity, first-generation status, and Pell Grant eligibility for adults by county, and high schools, and school districts;
- Information as determined by the department.

Department Efforts to Increase Access to Postsecondary Workforce Readiness

Financial Aid Completion Tool and Funding

The Department launched an improved version of the Financial Aid Completion Tool[4] on October 10, 2025. However, due to state budget constraints, funding was not available to support staff beginning in July 2025. As a result, the Department's capacity to maintain and utilize the tool has been limited, with updates restricted to school FAFSA submitted and FAFSA completed data only, with no student-level information available. The absence of a dedicated staff member has significantly reduced the tool's functionality. This role is critical to administering the tool, supporting users, and providing access to student-level data. The Department recognizes this limitation as a substantial loss for K–12 districts and designated entities (GearUp and the Denver Scholarship Foundation).

The Financial Aid Completion Tool remains the state's only centralized platform for securely sharing financial aid application completion data with verified users across K–12 districts and postsecondary institutions. The tool enables counselors and school administrators to track both FAFSA and CASFA completion data within a single system.

[4] https://facompletiontool.cdhe.colorado.gov/

In response to these challenges, the Department pursued additional funding and received SIPA GovGrant in June 2026 to fund the staff and work required to maintain the tool. The proposal included support for tool enhancements, funding for 1.0 FTE over two years, development of training materials for K–12 districts, and travel to support district engagement.

Financial Aid Toolkit

To ensure prospective students and their families have resources available to understand the FAFSA and CASFA, the Department updated the Financial Aid Toolkit with the following accessible resources in both English and Spanish:

- FAFSA Checklist
- Net Price Calculator
- Creating a FSA ID Worksheet and Guide
- Provisions for Individuals with Housing Insecurity or Foster Care
- CASFA Resource Guide
- CASFA Checklist and Quick Tips
- FAFSA FAQs
- FAFSA Guide for Parents
- Support for Unusual Circumstances
- Determining Your Eligibility
- CASFA Fact Sheet
- Applying for the FAFSA
- Start or Complete the FAFSA
- FAFSA or CASFA?
- How to Host a CASFA/FAFSA Event
- Understanding the CASFA: Process for Parents

The Department shared the toolkit with counselors, students and families via monthly newsletters, partner communications, in-person and virtual presentations, trainings, events, and social media.

Colorado Application for State Financial Aid (CASFA)

CASFA is for students who are not eligible for federal student aid programs, undocumented students or students from mixed status families or other situations who prefer not to share their contributors' personal data beyond Colorado higher education institutions. Students who complete a CASFA are applying for state and institutional aid only (not federal student aid). During fiscal year 2026, the Department developed and implemented a new Colorado Application for State Financial Aid (CASFA)

platform to replace the existing platform, which was nearing the end of its five-year contract. The enhanced CASFA launched in September 2025, and by July 2026 completed applications for high school students from the 2026 Colorado class had increased by 69.1% compared to the previous year. The department has identified two reasons for this increase. First, the new vendor provides a more streamlined and user-friendly CASFA completion experience for students. Second, despite guidance directing students to submit only one application, institutions of higher education continue to report instances of students submitting both FAFSA and CASFA.

Educator Financial Aid Trainings

During fiscal year 2026, the Department conducted two in person Educator Financial Aid Trainings:

1) Colorado State University (CSU) Fort Collins on August 4, 2025, with 53 attendees; and
2) CSU Pueblo on November 7, 2025, with 24 attendees.

All in person participants received five continuing education credits.

The Department also developed new online training modules to support Educator Financial Aid Trainings across the state. These self-paced modules provide flexible, on demand access to consistent and up to date information, making it easier for educators to build confidence in supporting students and families with FAFSA and CASFA completion and more. Since the launch in April 2026, the individual modules have been viewed 212 times.

The educator trainings spread awareness around the importance of completing a financial aid application and answering common FAFSA and CASFA questions.

Colorado Free Application Days

Colorado Free Application Days are a three-day period in which students can submit their admissions applications for free at public four-year, community, two-year, technical colleges, and most private colleges in Colorado. The 2025 Colorado Free Application Days saved students $2.4 million in college application fees. Colorado students submitted 71,504 college and university admissions applications (a

9% increase over the 2024 campaign) during the annual statewide initiative, which took place from Tuesday, Oct. 7, through Thursday, Oct. 9, 2024. To date, students have saved nearly $18.2 million in application fees over the eight-year course of this campaign. Now in its ninth year, the 2026 campaign ran from Oct. 20-22.

Outreach Presentations and Other Trainings

To spread awareness around the importance of completing a financial aid application and answer common questions, outreach staff presented an overview of financial aid options, FAFSA/CASFA information, and programs that can help pay for postsecondary education. Training and events were delivered across Colorado through both in-person and virtual, reaching participants in rural communities, outlying cities and towns, including the Denver metro area, and front range. In fiscal year 2026, outreach staff conducted 98 trainings and events with 4,358 attendees.

FAFSA/CASFA Lunch & Learn Series

Convened monthly, August to May, these free webinars provide high school counselors and staff, student advocates, community education partners, and educators with relevant financial aid information to support their students. This year, during the Lunch & Learns, we also invited speakers from across sectors (such as Colorado Promise, My Colorado Journey) to share relevant insights and perspectives. Attendees had the opportunity to ask questions, exchange ideas, and collaborate. In fiscal year 2026, 314 individuals participated in the live webinar series. The sessions were recorded and shared online, where they have received 145 views to date.

Monthly Outreach Newsletter and Social Media

The Department distributes a monthly Outreach Newsletter to more than 8,500 stakeholders to provide timely updates, resources, and key information. In addition, updates are consistently shared through the Department's social media channels. Together, these efforts support ongoing engagement with K–12 partners, postsecondary institutions, and the broader community.

Financial Aid Application Completion Data

Data in the table below reflect FAFSA/CASFA completion rates as of July 14, 2026. The current completion rate is 48.54%. The 2026-2027 FAFSA and CASFA applications are open until June 30, 2027.

Methodology

The financial aid application completion rates are displayed together to protect sensitive CASFA student data and because the CASFA completion numbers are too small to publish (to protect student privacy). Since the financial aid application completion rate is being reported as one number—adding FAFSA and CASFA rates—it is important to note that the individual rates were determined using a different methodology:

- The FAFSA completion rate data analysis uses 2026-27 FAFSA forms matched with the Colorado Department of Education's 2025-2026 high school senior October count (using name and date of birth). Students may have transferred in or out of a school after the October count date so the cohort number and student list used to match with FAFSA data may not be the same as the schools' up-to-date list.
- The CASFA completion rate data analysis uses processed 2026-27 CASFA filtered by self-reported indicators of attending high school in Colorado, being a first-year college student, having no bachelor's degree obtained, and date of birth between 2005-2010.
