E. Prior Learning Assessment Policy Update

1. Question has been asked, “May institutions post the ‘Top 10’ AP and IB exams using our campus format (to be determined), or must we link those specific exams to the table being created by CDHE?”
2. NEW: DSST Exam Fact Sheets with Content Outline available [here](#)

V. ARTICULATION AGREEMENTS - For the two Dwd’s below, please 1) review for any potential problems, 2) confirm your school’s participation, and 3) decide if these should go into Phase 2 (initial comprehensive institutional review) or if they can be pushed up to Phase 3 (draft agreement-final review), which is what CDHE recommends:

A. **Phase 2 - ICIR**

- ENVIRONMENTAL HORTICULTURE - LANDSCAPE BUSINESS - STAA sent to participating schools with cc to GEC on 2/29/16. Deadline: Monday, March 21, 2016.

B. **Phase 3 - Draft Agmt/Final IHE Review**

- EQUINE SCIENCE - STAA sent to participating schools with cc to GEC on 2/29/16. Deadline: Monday, March 14, 2016.

VI. GT PATHWAYS APPROVED COURSES - NOTIFICATION OF CHANGES - none currently needing GEC review.

VII. FOR FUTURE PLANNING (PARKING LOT)  
A. Fact Sheet for Pre-Collegiate Advisors

*Record notes here:*

The advantages/disadvantages of AP courses v. Concurrent Enrollment courses.

- CE courses can exclude students from receiving freshman scholarships if they don't get a high grade because they will then have a college transcript with too low of a GPA to qualify.
- CE courses are guaranteed to transfer - not necessarily so with AP courses.
- When a STAA exists, there is no need for an IHE-specific transfer guide.

B. Update Current STAAs

1. Revisit gateway math courses to ensure appropriateness. Also, current CCCS AS degree requirements prevent Intro to Stats from fulfilling the math requirement for an AS. GEC agreed (6/8/2015) that if it's only 1 or 2 four-year institutions that have a different math requirement from everybody else, it's okay to footnote them.
2. Over the four years of STAA development, some language and general education requirements have changed. Should there be an effort to bring all STAAs into a common, updated, more student-friendly format?

C. Science Courses in Current STAAs

1. When the original STAAs were made, the CCCS system had no GT-SC2 (non-lab) science courses, so there was no way to finish the Science requirement in 7 credits. Now that the CCCS system has non-lab GT-SC2 courses, it is possible to complete an associate's with 7 science credits. Older STAAs might benefit from revising these course options?

D. GPA Calculation for Transfer Students

1. Some 4-year institutions recalculate students' community college GPA upon admission.

E. Track Transfer Complaints (quantity, nature of complaint, etc.)

1. Provide regular updates to GEC (every 6 months? every 3 months? once a year?)

VIII. OTHER BUSINESS?
