ACADEMIC SUCCESS IN

HIGHER EDUCATION

Developed by the College Board, the people behind AP[®] and SAT[®], the College Board's College-Level Examination Program[®] (CLEP[®]) has been the most widely trusted credit-by-examination program for more than 40 years, accepted by 2,900 colleges and universities and administered in over 1,800 test centers. This rigorous program allows many self-directed students of a wide range of ages and backgrounds to demonstrate their mastery of introductory college-level material and pursue greater academic success. Students can earn credit for what they already know by getting qualifying scores on any of the 33 examinations.

FACULTY

“Students who pursue PLA [Prior Learning Assessment] credit are students who are already highly motivated or academically successful. Their persistence and graduation rates are higher.”

Fueling the Race to Postsecondary Success, 2010 Study

“The CLEP exam process is a solid academic and research validated approach to ensure that individuals have grasped the basic concepts of a specific subject matter. The exams are developed in concert with content experts. Questions are created, vetted, tested and reviewed throughout the development process to ensure validity and reliability, as well as to ensure coverage of the entire scope of the specific subject matter being tested.”

Jeffrey P. Lineman
Professor of Management
Northwest Nazarene University

BENEFITS OF CLEP

Participation in CLEP contributes to a more effective educational environment for all. By accurately placing prepared, engaged and motivated students, CLEP helps create a more dynamic classroom experience and increases retention rates.

RIGOR

CLEP exams are developed by more than 600 college faculty members across the country from two-year and four-year institutions. CLEP exam content and standards are recommended by the American Council on Education (ACE).

ACCESS

Capable students who take CLEP advance faster into upper-level courses, giving faculty the opportunity to focus on students who truly need introductory course work.

COMPLETION

Students earning credit through CLEP outperform their peers in subsequent courses and tend to complete their degrees at a higher rate than students who do not earn credit-by-examination.

SUCCESS

Students who earn credit through PLA (Prior Learning Assessment) have better academic outcomes, particularly in terms of persistence and graduation rates, than non-PLA students.

BY THE NUMBERS

56% DEGREE COMPLETION

Out of 62,475 students surveyed, 56 percent earned a postsecondary degree, while only 21 percent of non-PLA students did so.¹

BETTER COURSE PERFORMANCE

PLA students tend to take more advanced courses in the subject area in which they test than non-PLA students who complete the introductory course in the same subject area.²

HIGHER GPA

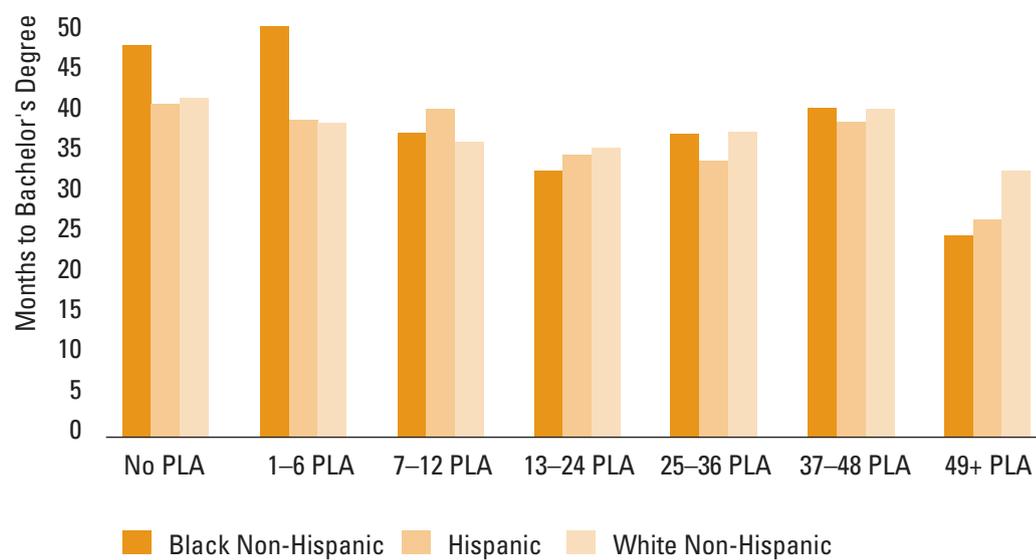

Students who receive credit-by-examination through CLEP for an introductory course are much more likely to earn an A or B in subsequent courses than students who complete the introductory course.³

BY THE NUMBERS

14.2 MONTHS SAVED

With 13–24 PLA credits, black non-Hispanic PLA students saved an average of 14.2 months toward the bachelor's degree.⁴

Race/Ethnicity, PLA and Time to Bachelor's Degree

TEST DEVELOPMENT

All aspects of the CLEP program's test development process are informed by the conviction that the exams must be rigorous and relevant to their respective disciplines. More than 600 college faculty from all regions of the U.S. contribute to the development of and the standard setting for CLEP exams. Each standing test development committee consists of three or four faculty members, each of whom teaches the relevant course and oversees ongoing test development. This committee reviews and shapes exam questions and specifications on a regular basis.

Educational Testing Service (ETS) is primarily responsible for designing, developing, administering and scoring all CLEP items. ETS follows a well-documented process that adheres to stringent quality standards. Experienced and trained test writers apply a rigorous methodology to design high-quality, psychometrically sound items and questions.

The process is supported by scientific validation and empirical evidence at every step, from test development through administration and scoring. Hence, CLEP exams undergo two dozen reviews and quality assurance steps before being released for public use.

Test development standards comply with the standards recommended by the ACE.

“The College Algebra CLEP Exam has the difficult task of evaluating student understanding on a great variety of topics, many of them seemingly unrelated. The questions and structure of the exam ensure that students are fairly tested and that a student who passes this exam is prepared to apply College Algebra topics in subsequent courses in various fields.”

ENROLLMENT MANAGERS

“An adult student who earns 15 PLA (Prior Learning Assessment) credits that can be applied toward the degree can save from a low of around \$1,605 at a large public university to a high of around \$6,000 at other institutions.”

Underserved Students Who Earn Credit Through PLA Have Higher Degree Completion Rates and Shorter Time-to-Degree, 2011 Study

“CLEP is an important recruitment tool for our institution. When students hear that we give credit for CLEP exams, they are very interested in exploring studying here.”

Elinor Azenberg
Director, Reentry Programs
School of Continuing and Professional Studies
New York University

BENEFITS OF CLEP

Students encounter increasing challenges in the ability to finance their education, accelerate through college and graduate on time. CLEP is a proven college completion tool.

MAXIMIZE ENROLLMENT

CLEP maximizes enrollment by allowing students to advance to more challenging courses, opening availability in introductory courses. CLEP encourages greater student persistence toward a degree.

ENHANCE AFFORDABILITY

At \$80, CLEP improves affordability for those students who may find rising college costs increasingly challenging. Students can save on tuition and fees, and student loans.

EARN CREDIT

A satisfactory score on any of the 33 CLEP exams can earn students 3 to 12 college credits for what they already know.

ACCELERATE AND GRADUATE

Taking CLEP exams early helps students fulfill introductory requirements and move on to their majors quicker. Ultimately, they graduate on time.

BY THE NUMBERS

62% ENROLL IN COLLEGE

62 percent of students not currently enrolled in college say that the CLEP policies of the institutions they were considering would affect their decision to enroll.⁵

HIGHER GPA

CLEP students have significantly higher cumulative GPA than non-CLEP students when controlling for demographics and prior achievement.⁶

70% FINANCE EDUCATION

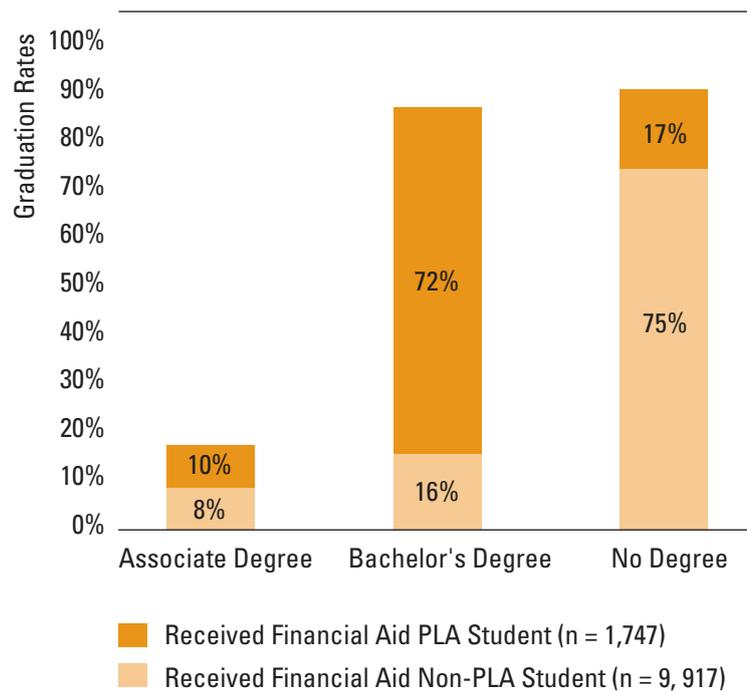

70 percent of CLEP exam takers said their CLEP credits made a difference in their ability to finance tuition and other fees.⁷

BY THE NUMBERS

72% DEGREE COMPLETION

Financial aid recipients earning PLA credit had dramatically higher bachelor's degree (72%) completion rates than their non-PLA counterparts (16%).⁸

Financial Aid, PLA and Graduation Rates

PROMOTING CLEP

- Become familiar with your institution’s CLEP policy. Each institution can develop its own CLEP policies to align with the institution’s overall academic mission. CLEP and ACE provide recommendations and guidelines for setting and administering policies, as well as immediate notification of exam scores to expedite credit-granting decisions. For more information on how to set a CLEP policy, visit www.collegeboard.org/clep.
- Advise students on the educational opportunities that CLEP offers. Students may need to take CLEP to advance to more challenging courses, meet graduation requirements or overcome financial challenges to stay enrolled.
- Establish CLEP advocates on your campus. Share the benefits of CLEP with faculty and staff in various departments on your campus through an array of free brochures, bulletins, posters and more. Free CLEP materials can be ordered at www.collegeboard.org/clep.
- Assess your students’ testing needs. If you are a test center, or plan to become a test center, you have the benefit of recruiting examinees who are interested in taking CLEP exams in your campus. In addition, instantaneous score reporting will make credit decisions simple and fast.

COLLEGE ADVISERS

“Students who earned credit through CLEP generally had higher overall GPAs at the terminus of their undergraduate education.”

A Comparison of CLEP and nonCLEP Students with Respect to Time to Degree, Number of School Credits, GPA, and Number of Semesters, 2011 Study

“I teach introductory sociology each year, and I am confident that the CLEP Sociology exam reflects the full range of content taught in my college class. I am also an adviser and a department chair, and I strongly believe that students who enter college with credit for the CLEP Sociology exam have the foundation needed to be successful sociology majors.”

Dani A. Smith
Chair, Department of Behavioral Sciences and Education
Fisk University

BENEFITS OF CLEP

As an adviser to your students, you play a critical role in helping them determine the best pathway to a successful education. Teaching them about CLEP can enhance their educational experience.

MAINTAIN ACADEMIC MOMENTUM

CLEP is a time-saving avenue to degree completion. Students can continue their education and graduate even when the unexpected occurs.

FINANCE COLLEGE

At \$80, CLEP helps students access higher education, making it easier to finance tuition and fees.

SERVES ALL STUDENTS

CLEP recognizes the value of prior learning and validates a student's experience and knowledge retained outside of the classroom.

EARN CREDIT

A satisfactory score on any of the 33 CLEP exams can earn students three to 12 college credits for what they already know.

BY THE NUMBERS

91% DEGREE COMPLETION

91 percent of CLEP exam takers said CLEP made a difference in helping them complete their degrees.⁹

10.1 MONTHS SAVED

PLA students earning bachelor's degrees saved on average between 2.5 and 10.1 months of time in earning their degrees, compared to non-PLA students earning bachelor's degrees.¹⁰

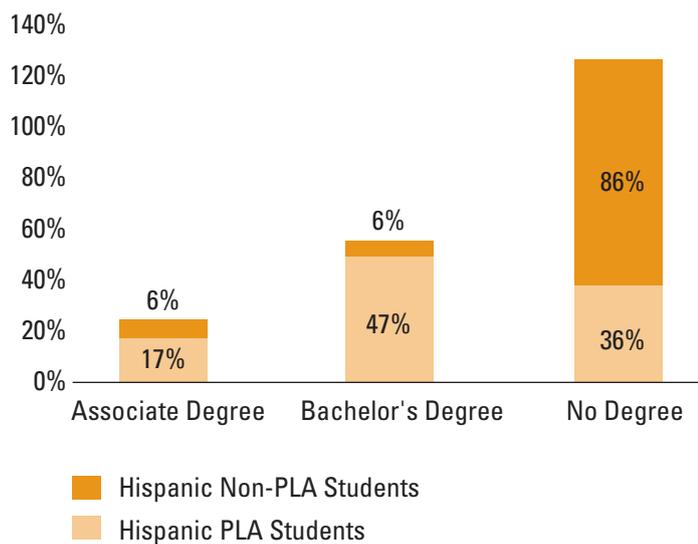

COLLEGE ADVISERS

BY THE NUMBERS

8 X HIGHER GRADUATION RATE

Hispanic PLA students earned bachelor's degrees at a rate that was almost eight times higher than that of Hispanic non-PLA students.¹¹

Race/Ethnicity, PLA and Graduation Rates

PROMOTING CLEP

- Become familiar with your institution’s CLEP policy. Each institution can develop its own CLEP policies to align with the institution’s overall academic mission. CLEP and ACE provide recommendations and guidelines for setting and administering policies, as well as immediate notification of exam scores to expedite credit-granting decisions. For more information on how to set a CLEP policy, visit www.collegeboard.org/clep.
- Share the benefits of CLEP with faculty and staff in various departments on your campus. Collaborate with faculty and staff to ensure that students receive accurate information about CLEP.
- Advise students on the educational opportunities that CLEP offers. Students may need to take CLEP to advance to more challenging courses, meet graduation requirements, or overcome financial challenges and stay enrolled.
- Before orientation, encourage recruiters to share information about your CLEP policy while visiting high schools or hosting on-campus open houses. Include a copy of your institution’s CLEP policy in your orientation/admission mailing to accepted applicants.
- During orientation, include CLEP promotional materials in your information packets. Free CLEP materials can be ordered at www.collegeboard.org/clep.

TEST CENTER ADMINISTRATORS

“Prior Learning Assessment is a student recruitment tool and a magnet for student enrollment.”

Fueling the Race to Postsecondary Success, 2010 Study

“As an administrator of CLEP exams, nothing is more satisfying than to have a student pass the test and tell me it was the last credit they needed to graduate from college. It is great to know that what you do has such a profound impact on these individuals.”

M. L. (Peggy) Hawke
Testing Center Coordinator
Pikes Peak Community College

BENEFITS OF CLEP

CLEP is administered at over 1,700 colleges and universities worldwide. These institutions participate in the CLEP program by developing content, setting policies and administering the exams at on-campus test centers.

EARLY SUCCESS

You can influence potential, high-achieving students to enroll at your institution. With CLEP students can earn up to 12 credits in introductory courses.

CONVENIENCE

An on-campus test center offers your students the convenience of testing in a familiar environment.

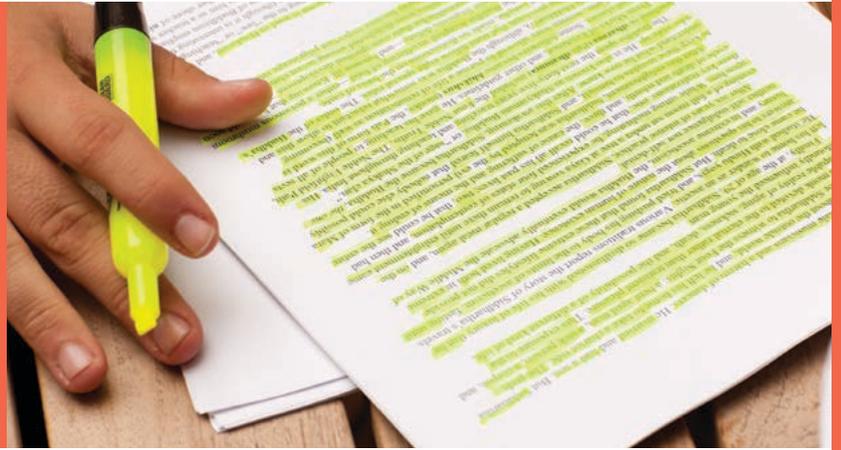

INCREASE IN REVENUE

Increased testing volume means increased revenue from administration fees. These fees can translate into funding for equipment, staff and other programs and can increase your test center's status on campus.

INSTANT SCORE REPORTS

Credit granting is made fast and easy. Students can make immediate decisions about subsequent course enrollment. Scores can be sent to the registrar's office electronically.

BY THE NUMBERS

92% GRADUATE ON TIME

92 percent of institutions offer PLA credits to provide a time-saving avenue for degree completion.¹²

50% DEGREE COMPLETION

Out of 67,425 students surveyed, more than 50 percent of PLA students earned a degree in seven years, compared to 21 percent of non-PLA students.¹³

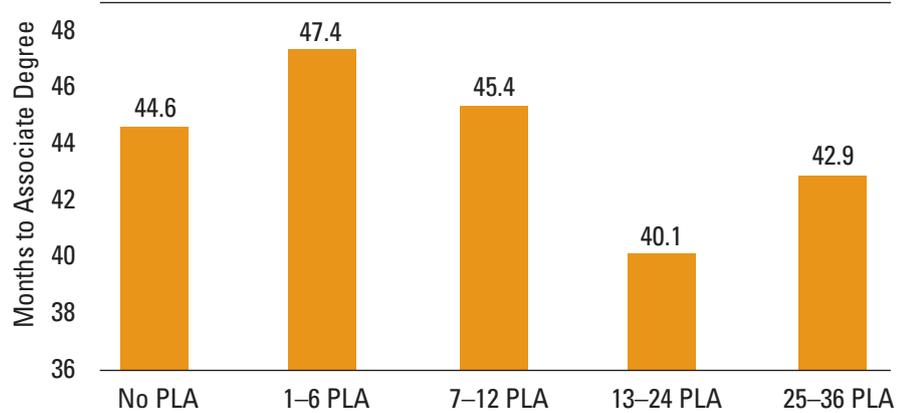

TEST CENTER ADMINISTRATORS

BY THE NUMBERS

4.5 MONTHS SAVED

PLA students who earned an associate degree saved an average of 1.5 to 4.5 months to degree completion.¹⁴

Months to Degree by Number of PLA Credits

PROMOTING CLEP

- Share the benefits of CLEP with faculty and staff in various departments on your campus. Reinforce the fact that CLEP is a college retention and college completion tool.
- Apply to become a test center. For more information on how to become a test center, visit www.collegeboard.org/clep.
- Train your staff on how to implement the correct CLEP policies and procedures, reach volume goals and ensure that the test center is following all security requirements.
- Increase awareness of CLEP exams among students by featuring the CLEP testing schedule and credit-granting policy on your college’s website or in the course catalog and other print materials.

TEST CENTER ADMINISTRATORS

“The University of Toledo Testing Center has been delivering the CBT CLEP exams for over 10 years. In addition to being a good revenue source, we appreciate the opportunity to be able to assist all types of students. For students just starting their college career to adults returning to school, students just needing those last few credits to graduate or seeking their degree online, the CLEP exams are a great way to help students reach their educational goals.”

Karen Gries Robinson
Testing Programs Coordinator
The University of Toledo Testing Services

CLEP® RESOURCES

PROFESSIONAL DEVELOPMENT WEBINARS

CLEP has launched its new online Professional Development series, featuring topics of interest specific to faculty, advisers, enrollment managers, testing professionals and other professionals.

Participants will become familiar with CLEP benefits and best practices, and engage in deeper discussions about the validity and reliability of CLEP exams, the CLEP exam development process, and enhancements to the testing platform.

To register, visit www.collegeboard.org/clep.

ADMITTED CLASS EVALUATION SERVICE™

How can you be sure that students earning credit through CLEP are as qualified as those who complete your introductory courses?

The College Board's ACES™ (Admitted Class Evaluation Service™) helps you determine how student performance on CLEP and other exams correlates with student performance in courses at your institution. With this information, you can determine the appropriate cut scores for placing proficient students into higher-level courses.

About the College Board

The College Board is a mission-driven not-for-profit organization that connects students to college success and opportunity. Founded in 1900, the College Board was created to expand access to higher education. Today, the membership association is made up of over 6,000 of the world's leading educational institutions and is dedicated to promoting excellence and equity in education. Each year, the College Board helps more than seven million students prepare for a successful transition to college through programs and services in college readiness and college success — including the SAT[®] and the Advanced Placement Program[®]. The organization also serves the education community through research and advocacy on behalf of students, educators and schools.
