

AGENDA
GE 25 Council
June 2008 Meeting
June 9, 2008
1:00pm

DHE Conference Room B

Dial Conferencing Access Number is 1-866-258-0959

Dial Conferencing Room Number is *1770121*

Information Items:

1. Up-date on gtPathways Website (CSU-P, CCCS);
2. Up-date on Statewide gtPathways Workshops (Summer/NO; Fridays agreed; no identified dates - yet);
3. Up-date on recalibration meetings for Articulation Agreements (Summer/No; Engineering 1st, [in 2nd/3rd week of Sept]; 2nd meeting Oct 10, '08; **June 9th: Identify institution-level representatives and “problem-building”**);
4. Conference Update: College Board/Preparate/Chicago; National Nursing Education Capacity Summit/Webinar/Readings; SHEEO/P-20/Survey/State Synopsis/Brief

Discussion Items:

- 1.) Nursing Transfer/Articulation Issues/Other – National Nursing Education Capacity Summit (June 5th Webinar/Additional Information for Virginia Summit? Thanks Wayne for the information.)
- 2.) SC1 and SC2 (Responses to date from CSU-FC, FLC, WSC, CCCS, MSCD-Others?)
- 3.) Geri's IB question (Do you know if the 60+60 would be intact if we transcript 30 hours of IB credit plus an additional 30 earned hours?) **JUNE 9th – Can you all please remind me what we said about this so that I may enter it into the official June minutes of the GE 25, (I didn't have anything written down from our May meeting).**
- 4.) I would appreciate assistance with the planning of this year's Faculty to Faculty Conference. **June 9th** - Can you recommend individuals or volunteer?

Action Items:

1. Proposed changes to AHUM content criteria (**June 9th - Please come prepared to officially vote on these recommended changes**);
2. Transfer Guide (Review of 2nd draft [first two years of Bachelor's degree], by major, best choices, w/ Q & A) – W. Artis; J. Lanning
3. **Actual Advising/Transfer Case:** Revisions to Statewide Transfer Policy Warranted?

Transferring student took:

UCD: ENV51042 Introduction to Environmental Sciences (4)

Metro: ENV 1200 Introduction to Environmental Science (3)

ENV5 1042 is a SC1 course and ENV 1200 is a SC2 course. According to

the gt-Pathways agreement, both courses should be accepted for Natural Sciences. However, the evaluation of these courses makes them both equivalent to CUB's ENVS 1000, Introduction to Environmental Studies. The best call to make to make given the overlap in content of these courses would be to bring in the ENVS 1042 course for 3 credits as equivalent to our ENVS 1000 course plus 1 credit hour lab credit and not give credit for the ENV 1200 since it is repeated credit for the same course. If the student appeals this decision, what would happen?

Vicki's Response:

I believe your approach makes sense and is fair, (to both the student and the intent of gtPathways). Please proceed accordingly and use my email response as substantiation for your decision. In the event the student complains/appeals to DHE/me, I'll back you up on your decision, (it just makes sense). I'll save this email in my Trans/Art tickler file for future reference, (if needed).

Action:

Are there policy implications? Are revisions to the Statewide Transfer Policy and gtPathways website warranted; recommended?
