

You can earn college credit for the AP exams listed in this table on which you score a 3 or higher. The credit is guaranteed to transfer but it's **not guaranteed to apply to degree requirements**. See the end of this document for more information on:

- GT Pathways gen ed requirements.
- Degrees with different GT Pathways requirements.
- Full names of abbreviated colleges & universities.
- Who to contact if you have a question.
- How credit for AP applies to GT Pathways.

**How to Read This Table:** The AP exams are arranged in alphabetical order down the left column. Next are the exam scores; the higher a score, the more credit may be awarded. The colleges & universities and the credit they award are listed in the rows (see College & University Abbreviations at the end of this document). For instance:

AP Exam	Score	Aims CC* (name of college or university)	CCCS*	CMC*	ASU	CMU	CSU	CSU – Global	CSU – Pueblo	FLC	MSU Denver	UCB	UCCS	UCD	UNC	WCU
<b>Biology</b> (AP exam) Fulfills <a href="#">GT-SC1</a> (Gen Ed requirement satisfied by this exam)	3 (exam score)	BIO 111/1111 (course[s] you get credit for) (3) (credit hours)														

**College & University Abbreviations:**

**More Information:**

- [GT Pathways gen ed requirements.](#)
- [List of degrees with different GT Pathways requirements.](#) Some degrees (like many engineering, computer science, nursing and other degrees) do not contain the GT Pathways curriculum and credit for AP may not apply.
- How credit for AP applies to GT Pathways:
  - The credit awards in this table are effective for new students starting class on or after July 1, 2016.
  - Students should consult with academic advisors on how credit for AP can meet degree requirements.
  - Colleges & universities may award credit for other AP exams that are not listed here (check with the college or university).
  - AP exams taken more than 10 years ago may not be worth credit.
  - At least 3 credit hours shall apply first to the appropriate GT Pathways content area until the amount of credit has been met for that GT Pathways content area. Once a GT Pathways content area requirement has been met, any additional credit may be awarded to fulfill other degree requirements, such as general education, elective or major/prerequisite credit. For example, the GT Pathways history requirement is 3 credits. If a student brings passing cut scores on two different history exams (such as US History and also World History, which qualifies the student for 6 credits), then the student shall receive 3 credits applied towards the GT Pathways history requirement. Any additional credits may be awarded to fulfill other degree requirements, such as general education, elective or major/prerequisite credit at the institution's discretion.
  - In the case of AP science exams, if there is a verified laboratory experience that is discipline-specific to the AP exam or advanced high school course taken, then at least 4 credit hours shall apply to the GT-SC1 category. For example, a student seeking biology GT-SC1 credit through the AP Biology exam must have biology laboratory experience specifically, not science laboratory experience in general.
  - Colleges and universities determine the amount of credit to award for AP scores of 4 & 5, but they must award at least 3 credits, or at least 4 credits for GT-SC1 (science courses with labs). Credit awarded shall be transcribed as a course satisfying the appropriate GT Pathways category at the institution. When there is no equivalent, the institution shall create a generic transfer equivalency for a course in that GT Pathways content area (i.e., GT-AH1, GT-AH2, and etc.).
  - Colleges and universities may grant credit for other AP exams not listed on this table. Consult their websites for more information.
